Superior HealthPlan

Foster Care Centers of Excellence

Superior HealthPlan has established Foster Care Centers of Excellences (FCCOE) in Texas. These centers consist of STAR Health network providers who have extensive foster care experience and are trained in working with children and youth who have undergone trauma. Superior will work closely with the FCCOE to expedite and streamline services for children and youth in foster care.

What are the benefits of a Foster Care Center of Excellence?

The FCCOE will serve as a one-stop shop to access services. These include:

- Access to a certified provider for Texas Health Steps (THSteps), also known as Early and Periodic Screening Diagnosis and Treatments (EPSDTs), checkups within the first 30 days of entering state conservatorship
- Access to a certified provider for the Child and Adolescent Needs and Strengths (CANS) assessment within the first 30 days of entering state conservatorship
- Behavioral services (Individual therapy, Group therapy, Trauma Informed Care, Cognitive Behavioral Therapy, etc.)
- Referrals to specialists like Physical Therapy, Speech Therapy and Occupational Therapy
- Assistance with getting Durable Medical Equipment
- Family planning and pregnancy care
- Vision and dental services
- Prescriptions
- Lab tests and x-rays
- Urgent care

Please note: The FCCOE can provide services to STAR Health members on a one-time basis or serve as a Primary Care Provider.

How can a Foster Care Center of Excellence benefit caregivers?

The FCCOE is experienced in working with caseworkers and families to provide immediate services to children and youth to assess their health-care needs. This can be done shortly after they enter into foster care or if there is an urgent placement change requiring a medical visit. The FCCOE will also utilize the use of Health Passport so authorized users can obtain the health-care information of the services their child received in their clinic.

How do I set up an appointment?

To set up an appointment with the FCCOE's, call the numbers listed on the back of this page. To learn more about FCCOE's, please call STAR Health Member Services at 1-866-912-6283 and ask for a Member Connections Representative.
