Introduction

About

Superior HealthPlan is a Managed Care Organization (MCO) that offers health care for Texans enrolled in the STAR program. Superior works with Texas Health and Human Services (HHS) and with many doctors, clinics and hospitals to give you/your child the care you need.

You/your child will get your health care from doctors, hospitals and clinics that are in Superior's network of providers. You/your child can get regular checkups, sick visits, well care and specialty care from a Superior STAR provider when you need it. Superior has providers for you when your doctor or Primary Care Provider (PCP) sends you to a hospital, lab or specialist.

You must use a Superior provider to get health services.

You will get a Superior Member ID card. It will have your PCP's name and office phone number. Carry this ID card and your Medicaid ID card with you all the time. Show both the Superior Member ID card and Medicaid ID card to your doctor so they know you are covered by Superior's STAR program.

If you do not understand the member handbook or need help reading it, call Superior Member Services. We can tell you how to use our services and will answer your questions. You can get this handbook in English, Spanish, audio, larger print, Braille, CD or in other language formats if you need it.

To learn more, call Superior Member Services at 1-800-783-5386.

Remember:

- Carry your Medicaid ID card and Superior ID card with you at all times.
- Call your doctor first if you have a medical problem that is not life threatening or call Superior's 24-hour nurse advice line, at 1-800-783-5386.
- If you cannot get your doctor, call Superior at 1-800-783-5386.
- We are here to help you 24 hours a day, 7 days a week.

Thank you for choosing Superior HealthPlan!

Medicaid

Medicaid and Private Insurance

What if I have other insurance in addition to Medicaid?

You are required to tell Superior and Medicaid staff about any private health insurance you/your child has. You should call Superior Member Services at 1-800-783-5386 or the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at 1-800-846-7307. If you/your child has other insurance you may still qualify for Medicaid. When you tell Medicaid staff about other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

Important: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

How do I renew my/my child's Medicaid coverage? What do I have to do if I need help with completing my renewal application?

To renew your Medicaid coverage, look for an envelope marked "time sensitive" from Texas Health and Human Services (HHS). It will include a letter. You will get this 3 to 4 months before your benefits end.

You will need to sign a renewal form. You may also be asked to provide more information. The easiest way to do this or to sign the renewal form is to go to www.YourTexasBenefits.com. If you don't take any action by the due date listed in the letter, your benefits might end.

Call Superior Member Services at 1-800-783-5386 if you have questions about renewing your Medicaid benefits.

What do I have to do if I/my child move?

As soon as you have your new address, give it to the local HHS benefits office by calling 2-1-1 and call Superior Member Services at 1-800-783-5386. Before you get Medicaid services in your new area, you must call Superior, unless you need emergency services. You will continue to get care through Superior until HHS changes your address.

I am a member of the Adoption Assistance and Permanency Care Assistance (AAPCA) program. What if I need to change my address or phone number?

The adoptive parent or permanency care assistance caregiver should contact the Texas Department of Family and Protective Services' regional adoption assistance eligibility specialist assigned to his or her case. If the parent or caregiver doesn't know who the assigned eligibility specialist is, they can contact the DFPS hotline, 1-800-233-3405, to find out. The parent or caregiver should contact the adoption assistance eligibility specialist to assist with the address change.

Medicaid

What happens if I lose my/my child's Medicaid coverage?

If you lose Medicaid coverage but get it back again within six (6) months, you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same Primary Care Provider (PCP) you had before.

What is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-In status.

To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time.
- Be sure your main doctor, main dentist or the specialists they refer you to are the only doctors that give you prescriptions.
- Do not get the same type of medicine from different doctors.

To learn more call 1-800-436-6184, option 8. Or, call Member Services at 1-800-783-5386 to ask for assistance.

Extra Benefits for Pregnant Women

Superior has even more services for pregnant women! Go to page 45 to find out what you can get to help you have a healthy baby.

Accessing Care - Primary Care Providers

What is a Primary Care Provider (PCP)?

When you signed up with Superior, you picked a doctor from our list of providers to be your/your child's PCP. This person will:

- Make sure that you/your child gets the right care.
- Write prescriptions for medicines and supplies when you/your child are sick.
- Give you/your child regular checkups.
- Tell you if you/your child needs to see a specialist.

Can a specialist be my/my child's PCP?

Superior will allow specialists to act as a PCP for members who have a special health-care need. Specialists must be approved by Superior before they can be your PCP. Tell your specialist if you would like them to be your PCP or call Member Services at 1-800-783-5386 to ask for help.

If you are a woman, you may pick an obstetrician (OB) or gynecologist (GYN) as your PCP. Call Superior at 1-800-783-5386 to find an OB/GYN provider that is also a PCP. You will need to pick a PCP for each eligible family member. You can pick from:

- Pediatricians (they only see children)
- General/family practice (they see all ages)
- Internal medicine (they usually see adults)
- OB/GYNs (they see women)
- Federally Qualified Health Centers/Rural Health Clinics

Can a clinic be my PCP? (RHC/FQHC)

Yes! Superior lets you pick a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) as your/your child's PCP. If you have any questions, call Superior at 1-800-783-5386.

What if I choose to go to another doctor who is not my/my child's PCP?

Your PCP is your/your child's doctor and they have the job of taking care of you/your child. They keep your medical records, coordinate with any specialists that are involved in your care, know what medications you/your child are taking and are the best people to make sure you are getting the care you need. This is why it is very important that you stay with the same doctor.

Remember: If you go to a doctor that is not signed up as a Superior provider, Superior will not pay that doctor and you will get billed for the services.

How can I change my/my child's PCP?

If you are not happy with your doctor, talk to them. If you are still not happy, call Superior at 1-800-783-5386. We can help you pick a new doctor. You might change your doctor because:

- The office is too far from your home.
- There is a long waiting time in the office.
- You can't talk to your doctor after-hours.

When will a PCP change become effective?

Once you have changed your/your child's doctor, you will get a new Superior Member ID card with their name and office phone number. This change will be effective the month after you ask. Sometimes, depending on the circumstances, we may be able to change your doctor right away.

Accessing Care - Primary Care Providers

How many times can I change my/my child's PCP?

There is no limit on how many times you can change your or your child's PCP. You can change PCPs by calling us toll-free at 1-800-783-5386 or writing to:

Superior HealthPlan
Attn: Member Services
5900 E. Ben White Blvd.
Austin, Texas 78741

You may also request PCP changes by using the member web portal.

Are there any reasons why my request to change a PCP may be denied?

If you ask to change your doctor, it can be denied because:

- Your new doctor will not take more patients.
- Your doctor is not enrolled with the Texas* Medicaid and Healthcare Partnership.
- Your new doctor is not a Superior PCP.

*The federal Patient Protection and Affordable Care Act requires all providers to enroll in state Medicaid programs to be able to provide services to Medicaid recipients.

Can my/my child's PCP move me/my child to another PCP for non-compliance?

Yes. If your doctor feels that you are not following their medical advice or if you miss a lot of your appointments, your doctor can ask that you go to another doctor. Your doctor will send you a letter telling you that you need to find another doctor. If this happens, call Superior at 1-800-783-5386. We will help you find a new doctor.

What if my/my child's doctor leaves the network of Superior providers?

If your doctor decides he/she no longer wants to participate in the network of Superior providers, and that doctor is treating you for an illness, Superior will work with your doctor to keep caring for you until your medical records can be transferred to a new doctor in the Superior network of providers.

If your doctor leaves your area, call Superior at 1-800-783-5386 and we will help you pick another doctor close to you. You will also get a letter from Superior telling you when your doctor's last day as a Superior network provider will be and asking you to call Superior so we can help you pick a new doctor.

Where can I find a list of Superior providers?

The Superior HealthPlan provider directory is a list of Medicaid PCPs, physicians, hospitals, drug stores and other health-care providers that are available to you. You may find this list at www.SuperiorHealthPlan.com. Just click on "Find a Provider." If you need assistance, call Superior at 1-800-783-5386.

What is a physician incentive plan?

Superior cannot make payments under a physician incentive plan if the payments are designed to induce providers to reduce or limit Medically Necessary Covered Services to Members. You have the right to know if your/your child's primary care provider (main doctor) is part of this physician incentive plan. You also have a right to know how the plan works. You can call 1-800-783-5386 to learn more about this.

Accessing Specialty Care

What if I/my child needs to see a special doctor (specialist)?

Your doctor might want you/your child to see a special doctor (specialist) for certain health-care needs. While you/your child's doctor can take care of most of your health-care needs, sometimes they will want you/your child to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. Superior has many specialists who will work with you and your doctor to care for your needs.

What is a referral?

The doctor will talk to you about your/your child's needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your/your child's doctor is the only one that can give you a referral to see a specialist. If you/your child has a visit, receives services from a specialist without your doctor's referral, or if the specialist is not a Superior provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do not need a referral for:

- True emergency services
- OB/GYN care
- Behavioral health services
- Routine vision services
- Dental services (for children)
- Family planning services

How soon can I/my child expect to be seen by a specialist?

In some situations, the specialist may see you/your child right away. Depending on the medical need, it may take up to a few weeks after you make the appointment to see the specialist.

Does Superior need to approve the referral for specialty medical services?

Some specialist referrals may need approval from Superior to make sure the specialist is a Superior specialist, and the visit to the specialist or the specialty procedure is needed. In these cases, the doctor must first call Superior. If you or your doctor are not sure what specialty services need approval, Superior can give you that information. Superior will review the request for specialty services and respond with a decision.

What is prior authorization? How do I learn more?

Some medical services require approval from Superior. This is called prior authorization. You can learn more about what services require prior authorization by visiting www.SuperiorHealthPlan.com. Click on "For Members" and "Benefits." You can also call Member Services at 1-800-783-5386.

Accessing Specialty Care

How do I ask for a second opinion?

You have the right to a second opinion from a Superior provider if you are not satisfied with the plan of care offered by the specialist. Your Primary Care Provider (PCP) should be able to give you a referral for a second opinion visit. If your PCP wants you to see a specialist that is not a Superior provider, that visit will have to be approved by Superior.

What if I/my child needs to be admitted to a hospital?

If you/your child needs to be admitted to a hospital for inpatient hospital care, your doctor must call Superior to let us know about the admission.

Superior will follow your/your child's care while in the hospital to ensure that you/your child gets the proper care. The discharge date from the hospital will be based only on medical need to remain in the hospital. When medical needs no longer require hospital services, Superior and you/your child's doctor will set a hospital discharge date. We recommend you see your doctor for a follow up appointment within one week after being discharged from the hospital.

If you or your doctor do not agree with a decision to discharge you from the hospital, you have the right to ask for a review of the decision. This is called an appeal. If this happens, Superior will provide a decision on your appeal within one Business Day. Your appeal rights are also described in this handbook in the appeals section.

What if I/my child go to the emergency room?

If you/your child needs urgent or emergency admission to the hospital, you should get medical care right away and then you or the doctor should call Superior as soon as possible to tell us of the admission.

If you are unsure if you need to go to the emergency room, you can call Superior's 24- hour nurse advice line, at 1-800-783-5386. Our nurses are ready to help you 24 hours a day, 7 days a week. Teladoc is open 24 hours a day, 7 days a week at 1-800-835-2362. Or visit www.teladoc.com/Superior.

We recommend you see your doctor for a follow up appointment within one week after being discharged from the hospital.

Accessing Care - Just for Women

What if I/my daughter needs OB/GYN care?

You can get OB/GYN services from your doctor. You can also pick an OB/GYN specialist to take care of your female health needs. An OB/GYN can help with pregnancy care, yearly checkups or if you have female health concerns. You do not need a referral from a doctor for these services. Your/your child's OB/GYN and doctor will work together to make sure you get the best care.

Do I have the right to choose an OB/GYN as my Primary Care Provider (PCP)? Will I need a referral?

Superior has some OB/GYN providers that can be your PCP. If you need help picking an OB/GYN, call Superior at 1-800-783-5386.

Attention Female Members

Superior allows you to pick any OB/GYN, whether that doctor is in the same network as your PCP or not. You/your daughter have the right to pick an OB/GYN without a referral from your PCP. An OB/GYN can give you:

- Care related to pregnancy.
- Care for any female medical condition.
- Referral to special doctor within the network.

How do I choose an OB/GYN?

You may pick an OB/GYN provider from the list in the Superior provider directory on Superior's website at www.SuperiorHealthPlan.com. Just click on "Find a Doctor." Superior allows you to pick an OB/GYN, whether or not that doctor is in the same group as your PCP. If you need help picking an OB/GYN, call Superior at 1-800-783-5386. If you/your daughter is pregnant, your OB/GYN should see you/her within two (2) weeks of your request. Once you choose an OB/GYN for you/your daughter, you should go to the same OB/GYN for each visit so they will get to know your/your daughter's health-care needs.

If I don't choose an OB/GYN as my PCP, do I have direct access?

If you do not choose an OB/GYN as your main doctor, you can still get most services from a Superior OB/GYN without calling your doctor, or getting approval from Superior. All family planning services, OB care and routine GYN services and procedures can be accessed directly through the Superior OB/GYN you choose.

Can I/my daughter stay with an OB/GYN who is not with Superior?

If your/your daughter's OB/GYN is not with Superior, please call Member Services at 1-800-783-5386. We will work with your doctor so your doctor can keep seeing you, or we will be more than happy to help you pick a new doctor within the plan.

Accessing Care - Pregnant Women and New Mothers

How and when can I change my baby's PCP or doctor?

As soon as Superior knows you are pregnant, we send you information about your pregnancy and your unborn baby. Superior will ask you to choose a doctor for your baby, even before the baby's birth. This will ensure that your baby's doctor will check the baby while in the hospital, and then take care of your baby's health-care needs after you and the baby are discharged from the hospital.

After the baby is born, Superior is told about your baby's birth. We enter your baby's information in our system. If you have not selected a doctor for the baby before birth, you will be contacted to select a doctor for your baby.

Where can I find a list of birthing centers?

To find a birthing center close to you, call Member Services at 1-800-783-5386 or visit our Find a Provider tool at SuperiorHealthPlan.com.

How do I sign up my newborn baby?

If you are a Superior member when you have your baby, your baby is enrolled with Superior on his/her date of birth. Superior gets information from the hospital to add your baby as a new Superior member, and the hospital will also notify Medicaid about the baby's birth. It is still important that you contact the Department of State Health Services (DSHS) office to also report the birth of your baby. This will ensure the baby's Medicaid enrollment is processed as soon as possible so your baby can get all the health care he/she needs.

Can I change my baby's health plan?

For at least 90 Days from the date of birth, your baby will be covered by the same health plan that you are enrolled in. You can ask for a health plan change before the 90 Days is up by calling the enrollment broker at 1-800-964-2777. You cannot change health plans while your baby is in the hospital.

How and when do I tell my health plan? How and when do I tell my caseworker?

You should let Superior know as soon as possible about the birth of your baby. We may already have the information about your baby's birth, but call us just in case. We will verify your baby's date of birth and name when you call.

Call your caseworker after your baby is born. You do not have to wait until you get your baby's Social Security number to get your baby signed up.

How can I receive health care after my baby is born (and I am no longer covered by Medicaid)?

After your baby is born you may lose Medicaid coverage. You may be able to get some health-care services through the Healthy Texas Women Program, the Family Planning Program, and the Department of State Health Services (DSHS). These services are for women who apply for the services and are approved.

Care Defined

What is routine medical care? How soon can I/my child expect to be seen?

If you or your child needs a physical checkup, then the visit is routine. Your doctor should see you within two (2) weeks (sooner if they can). If you need to see a specialty doctor, then the doctor should see you within three (3) weeks. Children should be seen based on the Texas Health Steps schedule for checkups.

See the Texas Health Steps section for the schedule. Superior will be happy to help you make an appointment. Just call us at 1-800-783-5386.

You must see a Superior provider for routine care. You can always call Superior at 1-800-783-5386 if you need help picking a Superior provider or making an appointment.

Remember: It is best to see your doctor before you get sick so that you can build your relationship with him/her. It is much easier to call your doctor with your medical problems if he/she knows who you are.

What is urgent medical care?

Another type of care is urgent care. There are some injuries and illnesses that are probably not emergencies but can turn into emergencies if they are not treated within 24 hours. Some examples are:

- Minor burns or cuts
- Sore throat
- Earaches
- Muscle sprains/strains

What should I do if my child or I need urgent medical care?

For urgent care, you should call your doctor's office even on nights and weekends. Your doctor will tell you what to do. In some cases, your doctor may tell you to go to an urgent care clinic. If your doctor tells you to go to an urgent care clinic, you don't need to call the clinic before going. You need to go to a clinic that takes Superior Medicaid. For help, call us toll-free at 1-800-783-5386. You also can call Superior's 24-hour nurse advice line at 1-800-783-5386 for help with getting the care you need.

If your PCP's office is closed, you can also call Teladoc for non-emergency medical issues. Teladoc is open 24 hours a day, 7 days a week at 1-800-835-2362. Or visit www.teladoc.com/Superior. Central Texas members in Bastrop, Caldwell, Hays, Travis and Williamson counties can contact Norman MD to chat with a local doctor 24 hours a day, 7 days a week, no appointment needed. Visit <NormanMD.com>.

How soon should I or my child expect to be seen?

You should be able to see your doctor within 24 hours for an urgent care appointment. If your doctor tells you to go to an urgent care clinic, you do not need to call the clinic before going. The urgent care clinic must take Superior Medicaid.

What is emergency medical care? How soon can I/my child expect to be seen?

Emergency medical care is provided for emergency medical conditions and emergency behavioral health conditions. You should be able to be seen immediately for emergency medical care, but the emergency wait time will be based on your medical needs and determined by the emergency facility that is treating you.

How and when do I get Texas Health Steps dental checkups for my child?

Your child should also get regular dental checkups to make sure his or her teeth and gums are healthy. Dental checkups need to start at six (6) months old and every six (6) months after that. You can go to any Texas Health Steps dentist for a dental checkup. Ask your doctor for the name of a dentist near you or call Member Services at 1-800-783-5386. You do not need a referral from your doctor for regular dental checkups or other dental services.

During a Texas Health Steps dental checkup, the dentist will look at your child's mouth, checking for dental problems you may not know about. The dentist will also see if your child's mouth and teeth are developing like other children their age. These checkups can help catch dental problems before they get bigger and harder to treat.

Ask your dentist about dental sealants for your child. A dental sealant is a plastic material put on the back teeth that can help prevent tooth decay.

How do I make my child's appointment for a Texas Health Steps medical checkup?

You can set up a checkup with your child's doctor. You can also set up a checkup with any Superior provider that gives Texas Health Steps checkups. Need help? You can call Superior toll-free, Monday to Friday, 8 a.m. to 5 p.m. at 1-800-783-5386. Help keep your child healthy.

The Head Start Program

Head Start is a program offered to many children in Texas. The program provides children ages five (5) and younger with health services and early childhood education that help them get ready for school. Children may qualify for the program based on their family's income. Programs may be held in schools, child care facilities or community agencies. Some of the benefits of Head Start are:

- **Education:** The program helps many children learn and grow. Early Head Start services are available for at least six (6) hours each day. Head Start preschool services include half-day or full-day programs.
- **Home-Based Services:** Head Start staff members may visit children in their home and work with parents to be their children's main teacher.
- **Health Services:** Health services are provided. These include vaccines as well as dental, medical and mental health services.
- **Parent Involvement:** Parents of children in the program can be on committees, attend classes or volunteer.
- **Social Services:** Support may be available to families to find the services they need. This may include nutritional support or other needs.

Enrolling in Head Start

Many children will qualify for Head Start. The children's family must meet income guidelines. A list of guidelines is provided by the U.S. Department of Health and Human Services. Go to www.aspe.hhs.gov to learn more. The children's birth certificate or other form of identification is needed to finish enrolling. There are many Head Start programs in Texas. These programs can be found at <http://eclkc.ohs.acf.hhs.gov/hslc>. Please note that children who enroll in Head Start are required to get a well child checkup within 45 Days of enrolling. Call Superior if you/your child need help scheduling an appointment or finding a doctor.

Advance Directives

This section applies to young adults 18 years and older only.

What are advance directives? How do I get an advance directive?

An advance directive lets you make decisions about your health care before you get too sick. What you decide is put in writing. Then, if you become too sick to make decisions about your health care, your doctor will know what kind of care you do or do not want. The advance directive can also say who can make decisions for you if you are not able to.

Through this document, you will have the right to make decisions about your health care, like what kind of health care, if any, you will or will not accept. If you sign either of these documents, your doctor will make a note in your medical records so that other doctors know about it.

Superior wants you to know your right to decide so you can fill out the papers ahead of time. These are the types of advance directives you can choose under Texas law:

- **Directive to Doctor (Living Will)** – A living will tells your doctor what to do. It helps you communicate your wishes about medical treatment at some time in the future when you are unable to make your wishes known because of illness or injury. In the state of Texas you can make a living will. Your doctor must follow your living will in case you become too sick to decide about your care.
- **Durable Power of Attorney for Health Care** – This is a document that lets you name someone else to make decisions about your health care in case you are not able to make those decisions yourself.
- **Declaration of Mental Health Treatment** – This tells your doctor about the mental health care you want. In the state of Texas you can make this choice. It expires three (3) years after you sign it or at any time you pick to cancel it, unless a court has considered you incapacitated.
- **Out-of-Hospital Do Not Resuscitate** – This tells your doctor what to do if you are about to die. In the state of Texas your doctor must follow this request if you become too sick.

When you talk to your doctor about an advance directive, he or she might have the forms in their office to give you. You can also call Superior at 1-800-783-5386 and we will help you get one.

What if I am too sick to make a decision about my medical care?

All adults in hospitals, nursing homes, behavioral health facilities and other health-care places have rights. For example, you have the right to know what care you will get, and that your medical records will always be private.

A federal law gives you the right to fill out a paper form known as an “advance directive.” An advance directive is a living will or power of attorney for health care when a person is not able to make a decision on their own because of their health. It gives you the chance to put your wishes in writing about what kind of health care you want or do not want, under special, serious medical conditions when you might not be able to tell your wishes to your doctor, the hospital or other staff.

Member Billing

What do I do if I get a bill from my doctor? Who do I call? What information will they need?

If you have Medicaid, you should not be billed for any services covered by Medicaid. Please remember to always show your Medicaid ID card and Superior ID card before you see the doctor. If you get a bill from a Medicaid provider, call Member Services at 1-800-783-5386.

When you call, give the Member Services staff:

- Date of service
- Your patient account number
- Name of provider
- Phone number on the bill
- Total amount of bill

Note: If you go to a provider who is not enrolled in Texas Medicaid, and/or is not signed up as a Superior provider, Superior may not pay that provider and you may get billed for the services. You will need to pay for services not covered by Medicaid. It is your responsibility to determine which services are covered and which are not.

If you have other primary group insurance, please ensure you provide both your primary insurance and your Superior Medicaid coverage to all of your providers. The provider should submit bills to your primary group insurance first, then Superior Medicaid. Medicaid is the payer of last resort and should not be the only insurance presented to your providers. As long as you follow the rules of your primary insurance and Superior Medicaid, you should not be responsible to pay any portion of your provider bills.

Superior Health Tip

Medicines can be safe if you take them correctly. They can help you get better when you are sick and can keep a health problem under control. Here are a few tips on how to use medicine safely:

- Read and follow the directions on the label.
- Take the exact amount written on the label.
- Take each dose around the same time each day.
- Use the same pharmacy for all of your prescriptions.
- Don't share your medicine or take someone else's medicine.
- Check the expiration date on the label and don't take it past that date.

Getting Help with Benefits and Services

If you can get on the Internet, submit your complaint at: hhs.texas.gov/managed-care-help.

How will I find out if Medicaid covered services are denied or limited? What can I do if my doctor asks for a service for me that's covered by Superior, but Superior denies or limits it?

Superior will send you a letter if a requested service is denied or limited. If you disagree with the decision, you may file an appeal.

You have the right to appeal Superior's decision if Medicaid covered services are denied based on lack of medical need. Superior's denial is called an "Adverse Benefit Determination." You can appeal the Adverse Benefit Determination if you think Superior:

- Is stopping coverage for care you think you need.
- Is denying coverage for care you think should be covered.
- Provides a partial approval of a request for a covered service.

When do I have the right to ask for an appeal?

You can ask for an appeal within 60 Days of the date of Superior's Notice of Adverse Benefit Determination letter.

Can someone from Superior help me file an appeal?

You, your doctor, a friend, a relative, lawyer or another spokesperson can request an appeal of an Adverse Benefit Determination. A Superior Member Services Advocate can answer questions you may have. Just call 1-800-783-5386 (Relay Texas TTY 1-800-735-2989). Your Legally Authorized Representative can file an appeal for you as well. Interpreter services are provided free of charge, call Member Services for assistance.

What are the timeframes for the appeals process for Medicaid covered services?

You will have 60 Days from the date of Superior's Notice of Adverse Benefit Determination letter to appeal the decision. Superior will acknowledge your appeal within five (5) Business Days of receipt, complete the review of the appeal and send you an appeal response letter within 30 Days. The appeal review can be extended up to 14 Days if you ask for an extension, or if Superior believes the extension will benefit you. If more time is needed for Superior to gather facts about the requested service, you will receive a letter with the reason for the delay. If you do not agree with Superior's decision to extend the timeframe for the decision on your appeal, you can file a complaint.

How can I continue my current authorized services?

You can ask to continue current authorized services when you appeal Superior's Adverse Benefit Determination. To continue receiving a service that is being ended, suspended or reduced, your request to continue a service must be made within ten (10) Calendar Days of the date of Superior's Notice of Adverse Benefit Determination letter, or before the date services will be discontinued as a result of the Adverse Benefit Determination, whichever is later.

Getting Help with Benefits and Services

Superior will keep providing the benefits while your appeal is being reviewed, if:

- Your appeal is sent in the needed time frame.
- Your appeal is for a service that was denied or limited that had been previously approved.
- Your appeal is for a service ordered by a Superior-approved provider. If Superior continues or reinstates benefits at your request and the request for continued services is not approved on appeal, Superior will not pursue recovery of payment for those services without written permission from HHS.

Does my request have to be in writing?

You can call or request in writing to let us know you want to appeal an Adverse Benefit Determination. You, your doctor, a friend, a relative, lawyer or another spokesperson can request an appeal and complete the Appeal form on your behalf. If you have questions about the Appeal form, Superior can help you. Call Superior at 1-800-783-5386 for more information.

What is an expedited appeal?

An expedited appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your health or life.

How do I ask for an expedited appeal? Does my request have to be in writing?

You can ask for an expedited appeal by calling Superior at 1-877-398-9461. Expedited appeals do not have to be in writing.

You can ask for an expedited appeal in writing and send it to:

Superior HealthPlan
Attn: Medical Management
5900 E. Ben White Blvd.
Austin, Texas 78741
Fax: 1-866-918-2266

What are the timeframes for an expedited appeal? What happens if Superior denies my request for an expedited appeal?

We will notify you of the expedited appeal decision within 72 hours, unless your appeal is related to an ongoing emergency or denial of continued hospitalization. You will be notified of the appeal decision within one (1) Business Day for denials of on-going emergency or denial of continued hospital stay. If Superior determines that your appeal does not meet the criteria to be expedited, Superior will let you know right away. Your appeal will be processed as a standard appeal with a response provided within 30 Days.

Who can help me file an expedited appeal?

Your doctor, a friend, a relative, lawyer or another spokesperson can file an expedited appeal on your behalf. A Superior Member Advocate can help you with any questions you have about filing an expedited appeal.

Getting Help with Benefits and Services

How can I ask for a State Fair Hearing?

You must complete an appeal through Superior HealthPlan prior to requesting a State Fair Hearing. **If you disagree with Superior's appeal decision, you have the right to ask for a State Fair Hearing from Texas Health and Human Services (HHS).** A member may also request a State Fair Hearing if Superior does not make a decision on their appeal within the required time frame. You may represent yourself at the State Fair Hearing, or name someone else to be your representative. This could be a doctor, relative, friend, lawyer, or any other person. You may name someone to represent you by writing a letter to Superior telling them the name of the person that you want to represent you.

You or your representative must ask for a State Fair Hearing within 120 Days of the date of the notice telling you that we are denying your appeal with Superior.

If we're stopping or reducing a service, you can keep getting the service while your case is being reviewed. To qualify, you must ask for a State Fair Hearing within ten (10) days of the date of the notice telling you that we are denying your appeal. If Superior continues or reinstates benefits at your request and the request for continued services is not approved by the State Fair Hearing officer, Superior will not pursue recovery of payment for those services without written permission from HHS.

To ask for a State Fair Hearing, you or your representative should call or write Superior:

Superior HealthPlan
ATTN: State Fair Hearings Coordinator
5900 E. Ben White Blvd.
Austin, TX 78741
1-877-398-9461

What happens after I request a State Fair Hearing?

If you ask for a State Fair Hearing, you will get a packet of information letting you know the date, time and location of the hearing. Most hearings are held by telephone. You can also contact the HHS hearings officer if you would like the hearing to be held in-person.

During the hearing, you or your representative can tell why you need the service or why you disagree with the Superior's Adverse Benefit Determination. You have the right to examine, at a reasonable time before the date of the State Fair Hearing, the contents of your case file and any documents to be used by Superior at the hearing. Before the hearing, Superior will send you all of the documents to be used at the hearing. It is important that you or your representative attend the State Fair Hearing in person or by phone.

HHS will give you a final decision within 90 Days from the date you asked for the hearing.
