Introduction

About

STAR Health provides health care to Texas children in the state's Foster Care Program. Superior provides the services under a contract with the Texas Health and Human Services Commission (HHSC). Superior works with many doctors, clinics and hospitals to care for you/your child.

You/your child will get health care from doctors in Superior's provider network. Children can get regular check ups, exams, primary care and specialist care when needed. Superior also has hospitals, specialists, labs and many more providers when you/your child needs them.

You must use a Superior provider to get health services.

Your/your child's Member ID card will arrive in the mail once you/your child is enrolled with Superior. It will have your/your child's Primary Care Provider (PCP) name and office number. Carry this ID card and you/your child's Medicaid ID card with you at all times. Show both cards to the doctor so they know you are covered through Superior.

If you do not understand this member handbook or need help reading it, call Member Services. We can tell you how to use our services and will answer your questions. You can get this handbook in English, Spanish, audio, larger print, Braille, CD or in other language formats if you need it.

Your health plan information is available online at FosterCareTX.com. You can also request printed copies of this information from Member Services.

For more information, call Member Services at 1-866-912-6283.

Remember:

- The Texas Department of Family and Protective Services (DFPS) Form 2085B is a DFPS form that is sent to the child's caregiver. It lists the child's medical consentor and has their DFPS ID number. Doctors can use this form to verify a child's eligibility and their medical consentor. Pharmacies can also use this to verify eligibility to process medications.
- Carry your/your child's Superior ID card and their Medicaid ID card with you at all times.
- Call your/your child's PCP first if you/your child has a medical problem that is not life threatening.
- If you/your child cannot reach your PCP, call Superior at 1-866-912-6283. We are here to help 24 hours a day, 7 days a week.

Superior, by law, will keep your/your child's health records private. Your discussions with doctors or other health-care providers are also private. If you are the medical consentor, you have the right to say yes or no to requests for your child's records by someone other than those handling your child's health care.

Thank you for choosing Superior!

Introduction

Your Texas Benefits (YTB) Medicaid Card

When you or your child are approved for Medicaid, you will get a YTB Medicaid card. This plastic card will be your everyday Medicaid card. You should carry and protect it just like your driver's license or a credit card. Your doctor can use the card to find out if you or your child have Medicaid benefits when you go for a visit.

You will be issued only one card and you will receive a new card only if your card is lost or stolen. If you are currently in Foster Care (FC) and your Medicaid card is lost or stolen, you can get a new one by calling your assigned caseworker. They can also provide you a temporary form called a Verification Form - form 1027-A. You can use this form until you receive another card. If you are currently receiving Adoption Assistance (AA) or Permanency Care Assistance (PCA) and your Medicaid card is lost or stolen, you can get a new one by calling the Texas Adoption Resource Exchange (TARE) line toll-free at 1-800-233-3405.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 2-1-1 or 1-877-541-7905. First pick a language and then pick option 2.

The YTB card has these facts printed on the front:

- Your name and Medicaid ID number.
- The date the card was sent to you.
- The name of the Medicaid program you're in. This would be STAR Health.
- Facts your drug store will need to bill Medicaid.

If you forget your card, your doctor, dentist or drug store can use the phone or the Internet to make sure you get Medicaid benefits.

Just for Children in Foster Care

What is the Health Passport? How do I access the Health Passport?

Many children in the STAR Health Program have chronic and complex conditions. It takes a team of medical and behavioral health professionals to meet the child's needs. Superior's Health Passport is a health record that gives professionals information about care received outside of their office so they can coordinate care and make the best decisions for each child. It is a web-based tool with security controls to manage who sees the information. The Health Passport may include information such as:

- Easy-to-read patient summary
- Medical and behavioral health visit history
- Allergies
- Lab results and assessments
- Pharmacy claim history and summary of medications
- Texas Health Steps forms and results
- Infant and children growth charts

The Health Passport is available to the person authorized to consent to medical care for a child in conservatorship as well as the providers of medical care, DFPS workers and authorized Superior staff. The Health Passport is also available to members who are not in conservatorship. This includes members who are 18 and older or who have been adopted but have decided to stay in STAR Health. To get access to the Health Passport:

1. Log onto FosterCareTX.com
2. Click "Login" under Health Passport.
3. Follow the registration instructions.

Note:

For help with the Health Passport, call the help desk at 1-866-714-7996.

What is a Medical Consenter?

A medical consenter is the person whom a court has authorized to consent to medical care for a child in state conservatorship. The medical consenter may be the child's foster parent, a relative of the child, or a person named by the Department of Family and Protective Services. The child's parent may also be a medical consenter if the parent's rights have not been terminated and the court determines that it is in the best interest of the child to allow the parent to make medical decisions on behalf of the child. A medical consenter may also be a child in conservatorship of at least 16 years of age, if a court says the child has the capacity to consent to medical care.

What is the role of a Medical Consenter?

The role of a medical consenter includes consenting to the child's medical care and participating in the child's medical appointments. Medical care means "health care and related services." This may include medical, behavioral, dental, eye care and surgical treatment. This does not apply to emergency services. Contact 911 or go to the nearest hospital or emergency facility if you think you need emergency care.

Accessing Care - Primary Care Providers

What is a Primary Care Provider (PCP)?

A PCP is the doctor that will:

- Make sure that you/your child gets the right care.
- Give you/your child regular checkups.
- Write prescriptions for medicines and supplies when you/your child are sick.
- Tell you if you/your child needs to see a specialist.

When a child is first enrolled with Superior but does not have a PCP, a doctor is automatically selected for the child by Superior. If you are not happy with the doctor selected, the doctor can be changed. If you/your child is a girl, you may pick an obstetrician (OB) or gynecologist (GYN) as her PCP. You will need to pick a PCP for each eligible child. You can pick from:

- Pediatricians (only see children)
- General/Family Practice (they see all ages)
- Internal Medicine (they usually see adults)
- OB/GYNs (they see women)
- Federally Qualified Health Centers/ Rural Health Clinics

Can a specialist be my PCP?

Superior will allow specialists to act as a PCP for members who have a special health-care need. Specialists must be approved by Superior before they can be your PCP. Tell your specialist if you would like them to be your PCP. Or call Member Services at 1-866-912-6283 to ask for help.

Can a Rural Health Clinic (RHC) or Federally Qualified Health Center (FQHC) be my PCP?

Yes. Superior lets you pick a clinic as your PCP. If you have any questions, call Superior at 1-866-912-6283.

What if I choose to go to another doctor who is not my PCP?

Your PCP is your/your child's doctor and they have the job of taking care of you/your child. They keep your medical records, coordinate with any specialists that are involved in your/your child's care, know what medications you/your child are taking, and are the best people to make sure you are getting the care you need. This is why it is very important that you stay with the same doctor.

Remember:

If you go to a doctor that is not signed-up as a Superior provider and is not a Medicaid provider, Superior will not pay that doctor and you may get billed for the services.

How can I change my/my child's PCP?

If you are not happy with your doctor talk to them. If you still are not happy, call Superior at 1-866-912-6283. They can help you pick a new doctor. You might change your doctor because:

- The office is too far from your home.
- Long waiting time in the office.
- You can't talk to your doctor after-hours.

Accessing Care - Primary Care Providers

When will a PCP change become effective?

Your/your child's change of doctor will be effective right away. You/your child will get a new ID card with the new doctor's name and phone number shortly after you request the change.

How many times can I change my PCP?

There is no limit on how many times you can change your or your child's primary care provider. You can change primary care providers by calling us toll-free at 1-866-912-6283 or writing to Superior. Members can mail the Primary Care Provider (PCP) Change Request Form to:

Superior HealthPlan
5900 E. Ben White Blvd., Building D
Austin, TX 78741

The form can also be faxed to 1-866-626-6069.

The PCP Change Request Form is available online at SuperiorHealthPlan.com under For Members, Medicaid & CHIP plans, Member Resources and Helpful Forms & Links.

More information on how to change your PCP is available in Superior's Secure Member Portal. Visit Member.SuperiorHealthPlan.com to learn more.

Remember:

You should go to the same doctor. They will get to know you and your health-care needs.

Are there any reasons why my request to change a PCP may be denied?

If you ask to change your doctor, it can be denied because:

- Your new doctor will not take more patients.
- Your new doctor is not a Superior provider.
- You are not your child's Medical Consenter.

Can my/my child's PCP move me or my child to another PCP for non-compliance?

Yes. If your doctor feels that you are not following their medical advice or if you miss a lot of your appointments, your doctor can ask that you go to another doctor. Your doctor will send you a letter telling you that you need to find another doctor. If this happens, call Superior at 1-866-912-6283. We will help you find a new doctor.

How do I get medical care after the PCP's office is closed?

If your doctor's office is closed, your doctor will have a number you can call 24 hours a day and on weekends. Your doctor can tell you what you need to do if you are not feeling well. If you cannot reach your doctor or want to talk to someone while you wait for your doctor to call you back, call Superior's nurse helpline at 1-866-912-6283. Our nurses are ready to help you 24 hours a day, 7 days a week. You can also call Teladoc for non-emergency medical issues when your PCP's office is closed. Teladoc is open 24 hours a day, 7 days a week at 1-800-835-2362. Or visit Teladochealth.com/Superior. If you think you have a real emergency, call 911 or go to the nearest emergency room. Superior encourages you to set up your Teladoc account when you first start with STAR Health so your account is in place before you need help.

Accessing Care - Primary Care Providers

What if my/my child's doctor leaves the network of Superior providers?

If your doctor decides they no longer want to participate in the network of Superior providers, and that doctor is treating you for an illness, Superior will work with your doctor to keep caring for you until your medical records can be transferred to a new doctor in the Superior network of providers.

If your doctor leaves your area, call Superior at 1-866-912-6283 and we will help you pick another doctor close to you. You will also get a letter from Superior telling you when your doctor's last day as a Superior network provider will be and asking you to call Superior so we can help you pick a new doctor.

Where can I find a list of Superior providers?

Accessing Specialty Care

What if I/my child needs to see a special doctor (specialist)?

Your doctor might want you/your child to see a special doctor (specialist) for certain health-care needs. While you/your child's doctor can take care of most of your health-care needs, sometimes they will want you/your child to see a specialist for your care. A specialist has received training and has more experience taking care of certain diseases, illnesses and injuries. Superior has many specialists who will work with you and your doctor to care for your needs.

What is a referral?

The doctor will talk to you about your/your child's needs and will help make plans for you to see the specialist that can provide the best care for you. This is called a referral. Your/your child's doctor is the only one that can give you a referral to see a specialist. If you/your child has a visit, or receives services from a specialist without your doctor's referral, or if the specialist is not a Superior provider, you might be responsible for the bill. In some cases, an OB/GYN can also give you a referral for related services.

What services do not need a referral?

You do not need a referral for:

- True emergency services
- OB/GYN care
- Behavioral health services
- Regular eye care
- Regular dental services
- Texas Health Steps medical checkups
- Family planning services
- Ophthalmology or therapeutic optometry services (only for services that do not require surgery)

Members with disabilities, special health-care needs or chronic or complex conditions have direct access to a specialist. Direct access means you/your child does not have to go through a PCP to see a specialist. If you/your child needs to see a provider that is not with Superior, that provider needs to call us for an out of network authorization before you/your child gets seen. Remember, you must see a Superior provider for these services. For family planning and emergency services, you/your child can go to any Medicaid provider. If you can't find a provider in your area or you need help getting these services, call Member Services at 1-866-912-6283.

How soon can I expect to be seen by a specialist?

In some situations, the specialist may see you/your child right away. Depending on the medical need, it may take three (3) weeks for an appointment to see the specialist.

Does Superior need to approve the referral for specialty medical services?

Some specialist referrals may need approval from Superior to make sure the specialist is in the Superior network, and the visit to the specialist, or the specialty procedure is needed. In these cases, the doctor must first call Superior. If you or your doctor are not sure what specialty services need approval, Superior can give you that information. Superior will review the request for specialty services and respond with a decision. This will not take more than three business days after getting all the needed information from your doctor. Decisions are made more quickly for urgent care.

What is prior authorization? How do I learn more?

Some medical services require approval from Superior. This is called prior authorization. You can learn more about what services require prior authorization by visiting [SuperiorHealthPlan.com](https://www.superiorhealthplan.com). Click on "Medicaid & CHIP Plans" and "Member Resources" and scroll down to Prior Authorizations. You can also call Member Services at 1-866-912-6283.

Accessing Specialty Care

How do I ask for a second opinion?

You have the right to a second opinion from a Superior provider if you are not satisfied with the plan of care offered by the specialist. Your primary care doctor should be able to give you a referral for a second opinion visit. If your PCP wants you to see a specialist that is not a Superior provider, that visit will have to be approved by Superior.

What if I/my child needs to be admitted to a hospital?

If you/your child needs to be admitted to a hospital for inpatient hospital care, your doctor must call Superior to let us know about the admission.

Superior will follow your/your child's care while in the hospital to ensure that you/your child gets the proper care. The discharge date from the hospital will be based only on medical need to remain in the hospital. When medical needs no longer require hospital services, Superior and your/your child's doctor will set a hospital discharge date.

If you or your doctor do not agree with a decision to discharge you from the hospital, you have the right to ask for a review of the decision. This is called an appeal. Your appeal rights are also described in this handbook in the appeals section.

If you have an admission through the emergency room:

If you/your child needs urgent or emergency admission to the hospital, you should get medical care right away and then you or the doctor should call Superior as soon as possible to tell us of the admission.

Superior Health Tip

If you/your child are pregnant, your OB/GYN should see you/her within five days of your initial appointment or immediately if there is an emergency. Once you choose an OB/GYN for you/your child, you should go to the same OB/GYN for each visit so they will get to know your/your child's health-care needs.

If I don't choose an OB/GYN as my PCP, do I have direct access?

If you do not choose an OB/GYN as your/your child's main doctor, you can still get most services from a Superior OB/GYN without calling your doctor, or getting approval from Superior. All family planning services, OB care, and routine GYN services and procedures can be accessed directly through the Superior OB/GYN you choose.

Can I/my child stay with an OB/GYN who is not with Superior?

If your/your child's OB/GYN is not with Superior, please call Member Services at 1-866-912-6283. We will work with your doctor so they can keep seeing you or we will be more than happy to help you pick a new doctor within the plan.

This will ensure that the baby's doctor will check the baby while in the hospital, and then take care of the baby's health-care needs after you/your child and their baby are discharged from the hospital.

If a doctor has not been selected for the baby before birth, you/your child will be contacted to select a doctor for their baby. After the baby is thirty (30) days old, you/your child can change the doctor for the baby if they want a different doctor than the one that they originally chose.

Telehealth Services

What are Telehealth Services?

Any provider in Superior's network can offer telehealth services to Superior members for certain health-care needs. Telehealth services are virtual health-care visits with a doctor or therapist through a mobile app, online video or other electronic method.

Superior treats telehealth services with in-network providers in the same way as face-to-face visits with in-network providers.

- A telehealth visit with an in-network Superior provider does not require prior authorization.
- A telehealth visit with an in-network Superior provider is subject to the same co-payments, co-insurance and deductible amounts as an in-person visit with an in-network provider.

Telehealth and telemedicine services from Teladoc are available to you when your PCP's office is closed. Teladoc is your convenient, 24-hour access to in-network health-care providers for non-emergency medical issues. You can use Teladoc to get medical help for illnesses such as:

Digital Health Records

What are My Options for Managing My Digital Health Records?

In 2021, a new federal rule made it easier for Superior members* to manage their digital medical records. This rule is called the Interoperability and Patient Access rule (CMS-9115-F) and makes it easier to get your health records when you need them most.

You now have full access to your health records on your mobile device. This allows you to manage your health better and know what resources are available to you.

*Beginning in 2022, the Payer-to-Payer Data Exchange portion of this rule will allow former and current members to request that their health records go with them as they switch health plans. For more information about this rule, visit the Payer-to-Payer Data Exchange section found on the webpage below.

The new rule makes it easy to find information** on:

- Claims (paid and denied)
- Specific parts of your clinical information
- Pharmacy drug coverage
- Health-care providers

**You can get information for dates of service on or after January 1, 2016.

Care Defined

What is emergency medical care? How soon should I or my child expect to be seen?

This is a medical condition manifesting itself by acute symptoms of recent onset and sufficient severity (including severe pain), such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical care could result in:

- Placing the person's health in serious jeopardy;
- Serious impairment to bodily functions;
- Serious dysfunction of any bodily organ or part;
- Serious disfigurement; or
- In the case of a pregnant woman, serious jeopardy to the health of the woman or her unborn child.

Emergency wait time will be based on your medical needs and determined by the emergency facility that is treating you/your child.

What is post-stabilization care?

Post-stabilization care services are services covered by Medicaid that keep your or your child's condition stable following emergency medical care.

What is urgent medical care?

Another type of care is urgent care. There are some injuries and illnesses that are probably not emergencies but can turn into emergencies if they are not treated within 24 hours. Some examples are:

- Minor burns or cuts
- Earaches
- Sore throat
- Muscle sprains/strains

What should I do if my child or I need urgent medical care?

For urgent care, you should call your doctor's office, even on nights and weekends. Your doctor will tell you what to do. In some cases, your doctor may tell you to go to an urgent care clinic. If your doctor tells you to go to an urgent care clinic, you don't need to call the clinic before going. You need to go to a clinic that takes Superior Medicaid. For help, call us toll-free at 1-866-912-6283. You also can call our 24-hour nurse advice line at 1-866-912-6283 for help with getting the care you need.

If your PCP's office is closed, you can also call Teladoc for non-emergency medical issues. Teladoc is open 24 hours a day, 7 days a week at 1-800-835-2362. Or visit Teladochealth.com/Superior.

How soon can I expect to be seen?

You should be able to see your doctor within 24 hours for an urgent care appointment. If your doctor tells you to go to an urgent care clinic, you do not need to call the clinic before going. The urgent care clinic must take Superior Medicaid.

What is routine medical care? How soon can I expect to be seen?

If you or your child needs a physical checkup, then the visit is routine. Your doctor will see you within two weeks (sooner if they can). Children should be seen based on the Texas Health Steps schedule for checkups. Go to the Texas Health Steps section on page 41 to see the schedule.

Remember: It is best to see your doctor **before** you get sick so that you can build your relationship with them. It is much easier to call your doctor with your medical problems if they know who you are.

You must see a Superior provider for routine and urgent care. You can always call Superior at 1-866-912-6283 if you need help picking a Superior provider or making an appointment.

Collaborative Care Model

The Collaborative Care Model (CoCM) coordinates care for members between a community Behavioral Health Care Manager (BHCM) and a consulting psychiatrist with the participation of a primary care provider. The team shares roles and tasks, and together are responsible for a member's well-being. CoCM helps manage Behavioral Health conditions as chronic diseases, instead of treating acute symptoms.

You can also get your/your child's glasses replaced as often as you need to if they are lost or broken. Call Centene Vision Services, Superior's vision provider at 1-866-642-9488 to find out how.

You/your child do not need a referral from you/your doctor to see the eye doctor for routine eye care. Some eye doctors can also treat you/your child for eye diseases that do not need surgery. You can get these eye care services from Centene Vision Services. To pick an eye doctor, call Superior at 1-866-912-6283 or Centene Vision Services at 1-866-642-9488.

Special Services

What are In-Lieu of Services and Settings?

Partial Hospitalization Services and Intensive Outpatient Services

Superior HealthPlan understands there may be times when inpatient hospital admission is needed for members experiencing mental health or substance use disorder (SUD) issues. When these services are needed, they are ordered by your doctor. More information about inpatient hospital admissions, which include behavioral health admissions, is found in the Accessing Specialty Care section of your member handbook.

For some members, outpatient services may be an alternate option to an inpatient hospital admission. These outpatient services include either outpatient Partial Hospitalization Program (PHP) services or Intensive Outpatient (IOP) services. PHP and IOP services that are medically necessary are available to Superior adult members, aged 21 and older for outpatient care as “In Lieu Of Services” instead of an inpatient admission. PHP and IOP services are also available for Medicaid members under the age of 21 as Early and Periodic Screening,

Diagnosis and Treatment (EPSDT) services, known in Texas as Texas Health Steps services.

- **PHP services** provide a structured day program of outpatient behavioral health services. PHP may provide services for mental health, SUD, or both. These services are similar to short-term hospital inpatient programs. The treatment level is more intense than outpatient day treatment or psychosocial rehabilitation.
- **IOP services** are used to treat issues that do not require SUD detoxification or 24-hour supervision. IOP services are generally less intense than PHP services. IOP may be delivered for mental health, SUD, or both. IOP services are organized non-residential services providing structured group and individual therapy, educational services, and life skills training which consists of at least 10 hours per week for 4-12 weeks, but less than 24 hours per day.

How do I get In-Lieu of Services and Settings?

The member’s doctor must provide an order to get PHP or IOP services from one of Superior’s network providers if the doctor believes this is the best care for the member, instead of an inpatient admission. Superior requires prior authorization for both PHP and IOP services. If the member’s doctor believes that the best treatment is PHP or IOP instead of being admitted to an inpatient hospital, the doctor will discuss this option with the member, and confirm the member’s agreement with, or refusal of the proposed IOP or PHP treatment, instead of an inpatient admission. Members can refer to the Rights and Responsibilities section of their member handbook by visiting SuperiorHealthPlan.com/Handbook. This section will explain the member’s right to agree to or refuse treatment, and the right to actively participate in treatment decisions.

The member’s doctor will issue an order for the proposed IOP or PHP treatment and a prior authorization request will be sent to Superior to have the services authorized for approval by or before treatment. Superior will review the prior authorization request to confirm if the PHP or IOP service requested is medically necessary and appropriate for the member.

The member’s doctor may also determine that PHP or IOP may be an appropriate ‘step down’ level of care for a member who is discharging from an inpatient psychiatric hospital, when appropriate. In addition, neither the doctor nor Superior will require that IOP or PHP services are received before an inpatient admission is ordered or approved, when a member’s treatment is required in an inpatient hospital.

Members can access a listing of providers available in Superior’s network to provide PHP and IOP services through SuperiorHealthPlan.com/FindAProvider by clicking on *Search STAR Health Providers*. For assistance with locating an IOP or PHP provider in the member’s area or to get a paper copy of a provider directory at no cost, call Member Services at 1-866-912-6283.

When and how do I file for an appeal for Partial Hospitalization Services and Intensive Outpatient Services?

If a requested Partial Hospitalization or Intensive Outpatient service that requires authorization is denied or limited, Superior will send you a letter. You have the right to appeal Superior's decision if Medicaid covered services that require authorization are denied, reduced, suspended or ended. You may also appeal Superior's denial of a claim, in whole or in part. Superior's denial is called an "Adverse Benefit Determination." You can appeal the Adverse Benefit Determination if you think Superior:

- Is stopping coverage for care you think you/your child needs.
- Is denying coverage for care you think should be covered.
- Is providing a partial approval for a covered service.

You, a provider or someone else acting on your/your child's behalf can appeal an action. You can ask for an internal health plan appeal within 60 days from the date of Superior's Notice of Adverse Benefit Determination letter. A Superior Member Services Advocate can help you file an appeal or answer questions about the status of an appeal. Just call Member Services.

Who do I call if I/my child has special health-care needs and I need someone to help me?

What is Electronic Visit Verification (EVV)?

Electronic Visit Verification (EVV) is a computer-based system that electronically verifies when service visits occur. It also documents the exact time services begin and end. EVV is required for most home and community-based services provided by Superior, including Personal Care Services, In-Home Respite Services, Personal Attendant Services (PAS), Flexible Family Support Services, Habilitation, Medicaid Home Health Care Services (HHCS), and Consumer Directed Services (CDS). The Texas Health and Human Services Commission (HHSC) created EVV to make sure members get the services that have been approved. Time will be logged using an EVV system approved by HHSC and one of three EVV time recording methods. These methods include:

- Mobile telephone application
- Member's home landline telephone
- Approved alternative device

How does EVV work?

Your attendant or nurse will clock in using one of the HHSC-approved time recording methods when they start providing your services. They will then clock out when the services are completed. EVV will help make sure you get all your authorized services.

Special Services

Do I have to participate in EVV?

Yes. You must do one of the following:

1. Let your attendant or nurse use your home landline phone if they do not have access to the mobile phone application to access the EVV system; OR
2. Let the agency that provides your services install the alternative device. That way, your attendant or nurse can use the device to record service times in the EVV system.

What if I don't have a home landline phone?

If you don't have a landline phone in your home and the attendant does not have access to the mobile phone application, please tell the agency that provides your services. The agency will install an alternative device in your home so your attendant or nurse can accurately record the time services start and stop. If you are unsure if your phone is a landline, please request an alternative device. Member's personal cell phones are not an acceptable replacement for a home landline.

The alternative device can be installed anywhere in the home that is convenient for access to the attending provider. The device must remain inside the home at all times. If the device malfunctions or somehow gets lost, please let your attendant know as soon as possible. They can then request a replacement from the selected EVV vendor and the alternative device will be reinstalled.

Members using the CDS option may grant permission to their nurse or attendant to use the member's personal cell phone or tablet to record the time services start and stop. This is only available for members using the CDS option and may not be used without the member's permission.

How do I find out more about EVV?

If you have any questions about EVV, please contact Member Services. You can also visit the HHSC EVV website at <https://www.hhs.texas.gov/providers/long-term-care-providers/long-term-care-provider-resources/electronic-visit-verification-evv>.

Community First Choice

Community First Choice (CFC) is a Medicaid benefit that provides services for people with intellectual or developmental disabilities or a related condition, mental health conditions, and/or physical health conditions who also have a need for CFC services as determined by a functional assessment. You need to meet requirements for institutional level of care from a facility like a nursing home, intermediate care facility or institution for mental disease. You may be able to get these services if you live in a community-based home.

CFC helps members with daily living needs. CFC services include:

- Personal Attendant Services (PAS): Help with daily living activities and health-related tasks.
- Habilitation: Services to help learn new skills and care for yourself.
- Emergency Response Services (ERS): Help if you live alone or are alone for most of the day.
- Support Management: Training on how to select, manage and dismiss attendants.

Your Superior Service Coordinator will be able to help schedule an assessment for CFC if you think you need these services. For more information, you can call Member Services at 1-866-912-6283.

Special Services

What options do I get to choose from when my services can be self-directed?

For each service that has the option to be self-directed, you must choose one of the options below (Consumer Directed Services, Service Responsibility, Agency). You may choose a different option for each of these services or the same option for all of them. If you need help choosing, your Service Coordinator is here to help you.

Consumer Directed Services

Consumer Directed Services (CDS) gives you a way that you can have more choice and control over some of the long term support services you get. As a STAR Health member, you or your designated representative can choose the CDS option.

With CDS you can:

- Find, screen, hire and fire (if needed) the people who provide services to you (your staff)
- Train and direct your staff

These are the services you can manage in CDS:

- Attendant care
- Respite care
- Nursing
- Physical therapy
- Occupational therapy
- Speech therapy

If you choose to be in CDS, you will work through a contracted Financial Management Services Agency (FMSA). The FMSA will help you get started and give you training and support if you need it. The FMSA will do your payroll and file your taxes. Contact your Service Coordinator to find out more about CDS. You can call Superior's Service Coordination team at 1-866-912-6283.

Service Responsibility Option

In the service responsibility option, you or your Legally Authorized Representative must choose an in-network agency who is the employer of record. You would then select your personal attendant, nurse or therapist from the agency's employees. You provide input when setting up the schedule and manage the services. You are also able to supervise and train your staff. You can request a different personal attendant, nurse or therapist. The agency will help you with this request. The agency establishes the payment rate and benefits. They also provide payroll, substitute (back-up) and file your tax reports.

Agency Option

In the agency model, you or your Legally Authorized Representative choose an agency to hire, manage and fire (if needed) the person providing PAS. You must pick an in-network agency. You and your Service Coordinator will set up a schedule and send it to the agency you chose. You are able to supervise and train your staff. You can request a

different personal attendant. The agency will help you with this request. The agency establishes the payment rate and benefits. They also provide payroll, substitute (back-up) and file your PAS tax reports.

- Leaving you or your loved one in a situation where he or she is at risk of harm.

3 In 30

What is the 3 in 30?

All children who come into DFPS care need a good review of their physical and behavioral health needs right away. Superior uses the 3 in 30 approach to make sure members are getting the necessary exams and care.

The 3 in 30 combines three tools for assessing the medical, behavioral, and developmental strengths and needs of children and youth entering DFPS custody. These tools are the 3-Day exam, the Texas Health Steps exam, and the Child and Adolescent Needs and Strengths 3.0 (CANS 3.0) assessment. The results of these exams are used to develop an Individual Service Plan (ISP) for you/your child.

Initial 3-Day Medical Exam

The purpose of this exam is to identify, treat and provide caregiver education regarding management of a child's acute or chronic medical and mental health conditions. Only some children need to have the 3-Day exam. Your child's caseworker will let you know if the 3-Day Medical Exam is required for your child.

Exam Timeline

When determined to be necessary by the member's caseworker, the 3-Day Medical Exam must occur within three business days of a child's removal. For example:

- If a child is removed on Monday at noon, the 3-Day Medical Exam should be completed no later than the following Thursday.
- If a child is removed on Friday at 5pm, the 3-Day Medical Exam should be completed no later than the following Wednesday.

Remember: If you are having problems with obtaining medication after your 3-Day Medical Exam, call Superior Member Services at 1-866-912-6283 for assistance.

Texas Child and Adolescent Needs and Strengths (CANS) 3.0 Assessment

STAR Health members, 3 to 17 years old, are required to get a Texas Child and Adolescent Needs and Strengths (CANS) 3.0 Assessment within 30 days of joining Superior and then annually thereafter.

Purpose of the Assessment

The Texas CANS 3.0 Assessment measures a member's strengths and needs. It is used to help create an Individual Service Plan (ISP) so you/your child can get the best care possible.

The Texas CANS 3.0 Assessment must be performed by a certified Texas CANS 3.0 Assessment provider. For more information, or to get help scheduling a Texas CANS 3.0 Assessment, call Superior Member Services at 1-866-912-6283 and ask to speak to a Community Health Services Representative.

Texas Health Steps Exam

All members must complete a Texas Health Steps exam within 30 days of joining STAR Health. These checkups include preventive health care services and other things like vaccines and hearing screenings.

The next section has more information about this exam. If you need help scheduling a Texas Health Steps exam, contact the Member Services at 1-866-912-6283.

Texas Health Steps

What is Texas Health Steps? What services are offered by Texas Health Steps?

Texas Health Steps, also known as Early and Periodic Screening Diagnosis and Treatment (EPSDT), provides free regular medical and dental checkups for infants, children, teens and young adults with Medicaid. It also offers other services like vaccines and vision and hearing screenings.

Texas Health Steps helps to:

- Find and treat your child’s medical and dental problems early.
- Make sure your child gets their vaccines.
- Give health education to keep your child healthy.

During a Texas Health Steps medical checkup, the doctor will look at your child from head to toe, checking for health problems you may not know about. The doctor will also see if your child is growing and developing like other children their age. These checkups can help catch health problems before they get worse and are harder to treat.

Important: STAR Health members who are 20 years old and younger need to have a checkup within 30 days and a dental checkup within 60 days of joining the STAR Health program.

How and when do I get Texas Health Steps medical and dental checkups for my child?

Regular medical checkups help make sure that your child grows up healthy. You should take them to their doctor or another Superior Texas Health Steps provider for medical checkups at the following ages:

- | | | |
|-----------------------|-------------|------------|
| • Discharge to 5 days | • 30 months | • 12 years |
| • 2 weeks | • 3 years | • 13 years |
| • 2 months | • 4 years | • 14 years |
| • 4 months | • 5 years | • 15 years |
| • 6 months | • 6 years | • 16 years |
| • 9 months | • 7 years | • 17 years |
| • 12 months | • 8 years | • 18 years |
| • 15 months | • 9 years | • 19 years |
| • 18 months | • 10 years | • 20 years |
| • 2 years | • 11 years | |

Your child should also get regular dental checkups to make sure their teeth and gums are healthy. Dental checkups need to start at age six months and every six months after that. You can go to any Texas Health Steps dentist for a dental checkup. Ask your doctor for the name of a dentist near you or call Member Services at 1-866-912-6283. You can also call DentaQuest, Superior’s dental provider at 1-888-308-4766. You do not need a referral from your doctor for regular dental checkups or other dental services.

During a Texas Health Steps dental checkup, the dentist will look at your child’s mouth, checking for dental problems you may not know about. The dentist will also see if your child’s mouth and teeth are developing like other children their age. These checkups can help catch dental problems before they get bigger and harder to treat.

Ask your dentist about dental sealants for your child. A dental sealant is a plastic material put on the back teeth that can help prevent tooth decay.

Superior Health Tip

Here are a few tips on how to use medicine safely:

- Read and follow the directions on the label.
- Take the exact amount written on the label.
- Take each dose around the same time each day.
- Use the same pharmacy for all of your prescriptions.
- Don't share your medicine or take someone else's medicine.

How do I get my/my child's medications? Who do I call if I have problems getting my/my child's medications?

You can take it to an in-network drug store, or your doctor may be able to send the prescription to the drug store for you. If you have trouble getting your medicines, please call Member Services at 1-866-912-6283. Please call Member Services while you are still at the drug store.

How do I find which medications are on the formulary?

The formulary is listed on the [Texas Vendor Drug website](https://www.txvendordrug.com/searches/formulary-drug-search). (<https://www.txvendordrug.com/searches/formulary-drug-search>). We also have a link to this formulary on our website at <https://www.fostercaretx.com/for-members/resources.html>. You can request a paper copy of the formulary at no cost. You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different health plan will not change the Lock-in status. To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store location to use all the time.
- Be sure your main doctor, main dentist or the specialists they refer you to are the only doctors that give you prescriptions.
- Do not get the same type of medicine from different doctors.

Service Coordination

What is Service Coordination? What will a Service Coordinator do for me?

Service Coordination is an active, ongoing process to help you find and access services you or your child may need. A Service Coordinator will work with you to:

- Identify your needs.
- Develop an Individual Service Plan. (ISP)
- Help you receive your services on time.
- Make sure you have a choice of providers and access to covered services.
- Coordinate Superior-covered services with social and community support services like Women, Infants and Children (WIC).

Superior wants you to be safe and healthy, to be involved in your Individual Service Plan (ISP). All STAR Health members are considered members with special healthcare needs (MSCHN) and will be assigned to a Service Coordinator. Superior will determine the appropriate level of Service Coordination for each member based on results from an initial screening that will occur within 10 days of STAR Health enrollment and assessment by a Service Coordinator. Communication with the member, Medical Consenter and DFPS staff will also be considered.

How can I talk to a Service Coordinator?

If you would like to speak with a Superior Service Coordinator, call 1-866-912-6283. Our staff is available from 8 a.m. to 5 p.m., Monday through Friday. You can also reach a nurse 24 hours a day, 7 days a week. They can answer your health questions after hours and on weekends.

How often will I talk with a Service Coordinator?

Your Service Coordinator will work with you to find a regular contact schedule. Members with more needs will usually speak with their Service Coordinator every one to two months but most members have contact with their Service Coordinator at least every three months.

You will also receive a letter in the mail from your Service Coordinator. The letter will detail how often and what type of contact you will have, based on your health-care needs. It will also give you the name of your Service Coordinator and tell you how to contact them. If you would like to talk to your Service Coordinator, or have questions, please call 1-866-912-6283.

Advance Directives

This section applies to young adults 18 years and older only.

What are Advance Directives? How do I get an Advance Directive?

An Advance Directive lets you make decisions about your health care before you get too sick. What you decide is put in writing. Then, if you become too sick to make decisions about your health care, your doctor will know what kind of care you do or do not want. The Advance Directive can also say who can make decisions for you if you are not able to.

Through this document, you will have the right to make decisions about your health care like what kind of health care, if any, you will or will not accept. If you sign either of these documents, your doctor will make a note in your medical records so that other doctors know about it.

Superior wants you to know your right to decide so you can fill out the papers ahead of time. These are the types of Advance Directives you can choose under Texas law:

- **Directive to Doctor (Living Will)** – A living will tells your doctor what to do. It helps you communicate your wishes about medical treatment at some time in the future when you are unable to make your wishes known because of illness or injury. In the State of Texas you can make a living will. Your doctor must follow your living will in case you become too sick to decide about your care.
- **Durable Power of Attorney for Health Care** – This is a document that lets you name someone else to make decisions about your health care in case you are not able to make those decisions yourself.
- **Declaration of Mental Health Treatment** – This tells your doctor about the mental health care you want. In the State of Texas you can make this choice. It expires three years after you sign it or at any time you pick to cancel it unless a court has considered you incapacitated.
- **Out-of-Hospital Do Not Resuscitate** – This tells your doctor what to do if you are about to die. In the State of Texas your doctor must follow this request if you become too sick.

When you talk to your doctor about an Advance Directive, they might have the forms in their office to give you. You can also call Superior at 1-866-912-6283 and we will help you get one.

What if I am too sick to make a decision about my medical care?

All adults in hospitals, nursing homes, behavioral health facilities and other health-care places have rights. For example, you have the right to know what care you will get, and that your medical records will always be private.

A federal law gives you the right to fill out a paper form known as an “Advance Directive.” An Advance Directive is a living will or power of attorney for health care when a person is not able to make a decision on their own because of their health. It gives you the chance to put your wishes in writing about what kind of health care you Want or Do Not Want, under special, serious medical conditions when you might not be able to tell your wishes to your doctor, the hospital, or other staff.

Medical Bills

What do I do if I get a bill from my doctor? Who do I call?

You should not be billed for any services covered by Medicaid. Always show your Medicaid ID card and Superior ID card when you are seeking services from a doctor, hospital, pharmacy or other Medicaid provider. If you have not received your Medicaid ID card, give the provider the DFPS Form 2085B to confirm your Medicaid coverage. If you get a bill from a Medicaid provider, call Member Services at 1-866-912-6283.

What information will they need?

When you call, give the Member Services staff:

- Date of service
- Your patient account number
- Name of provider
- Phone number on the bill
- Total amount of bill

Remember:

If you go to a provider that is not signed up as a Superior provider for non-urgent/emergency care, Superior may not pay that provider and you may get billed for the services.

If you are covered by both Medicare and Medicaid (dual-eligible), you cannot be billed for Medicare “cost-sharing,” which includes deductibles, co-insurance or co-payments that are covered by Medicaid. Those expenses should be billed to and reimbursed by your Medicare Advantage Plan (MAP) if you have a managed Medicare plan, or Texas Medicaid & Healthcare Partnership (TMHP) if you have traditional Medicare coverage. There are also some Medicare non-covered acute care services and supplies that are covered by Medicaid.

Superior Health Tip

If you have asthma, ask your doctor about making an asthma action plan. This plan can help you manage your asthma by telling you:

- When and how to get help if you have an attack.
- When and how to take your medicine.
- When you should get checkups.
- Better ways to eat and stay fit.
- Ways to clean your house to lessen your symptoms.

Medical Pre-denial and Continued Services

What is a pre-denial?

When your/your child's doctor asks for services that may not be medically necessary, Superior will start a review called a pre-denial. Before Superior denies or reduces a service, we will talk to your/your child's doctor, Medical Consenter or DFPS Caseworker.

Superior's medical director will ask your/your child's doctor questions about the services needed. Your/your child's doctor, Medical Consenter or DFPS Caseworker may have new information that can help Superior make a decision on requested services.

Superior will tell the Medical Consenter and the DFPS Caseworker what is happening with the request while it is being reviewed.

Adverse Benefit Determinations, Internal Health Plan Appeals and External Appeals

How will I find out if Medicaid covered services are denied or limited? What can I do if my doctor asks for a service for me that's covered by Superior, but Superior denies or limits it?

Superior will send you a letter if a requested service is denied or limited. If you disagree with the decision, you may file an appeal.

You have the right to appeal Superior's decision if Medicaid covered services are denied, reduced, suspended or ended. You may also appeal Superior's denial of a claim, in whole or in part. Superior's denial is called an "Adverse Benefit Determination." You can appeal the Adverse Benefit Determination if you think Superior:

- Is stopping coverage for care you think you need.
- Is denying coverage for care you think should be covered.
- Is providing a partial approval for a covered service.

Internal Health Plan Appeals

When do I have the right to ask for an internal health plan appeal?

You can ask for an internal health plan appeal within 60 days from the date of Superior's Notice of Adverse Benefit Determination letter.

Can someone from Superior help me file an internal health plan appeal?

You, your doctor, your Medical Consenter, lawyer or another Legally Authorized Representative can request an appeal of an Adverse Benefit Determination. A Superior Member Advocate can help you with any questions you have about filing an appeal. Just call Member Services at 1-866-912-6283. Interpreter services are provided free of charge. Please call Member Services at 1-866-912-6283 (TTY 1-800-735-2989) for assistance.

What are the timeframes for the internal health plan appeal process for denied Medicaid covered services?

You will have sixty (60) days from the date of Superior's Notice of Adverse Benefit Determination letter to appeal the decision. Superior will acknowledge your appeal by sending you a letter within five (5) business days of receipt of your appeal, complete the review of the appeal and send you an appeal response letter within thirty (30) days after receipt of the initial written or oral request for appeal. An additional 14 days may be added to process the appeal, if you request an extension or Superior shows that there is a need for additional information and how the delay is in the member's interest. If more time is needed for Superior to gather facts about the requested service, you will receive a letter with the reason for the delay. If you do not agree with Superior's decision to extend the timeframe for the decision on your appeal, you can file a complaint.

How can I continue my current authorized services while my appeal is being processed?

You can ask to continue current authorized services when you appeal Superior's Adverse Benefit Determination. To continue receiving a service that is being ended, suspended or reduced, your request to continue a service must be made within ten (10) calendar days of the date of Superior's Notice of Adverse Benefit Determination letter, or before the date the currently authorized services will be discontinued, whichever is later.

Adverse Benefit Determinations, Internal Health Plan Appeals and External Appeals

Superior will keep providing the benefits while your appeal is being reviewed, if:

- Your appeal is sent in the needed time frame.
- Your appeal is for a service that was denied or limited that had been previously approved.
- Your appeal is for a service ordered by a Superior-approved provider.

If Superior continues or reinstates benefits at your request and the request for continued services is not approved on appeal, Superior will not pursue recovery of payment for those services without written permission from HHSC.

Does my internal health plan appeal request have to be in writing?

You can call or request in writing to let us know you want to appeal an Adverse Benefit Determination. You, your provider, your Medical Consenter, lawyer or another Legally Authorized Representative can request an appeal and complete the appeal form on your behalf. If you have questions about the appeal form, Superior can help you. Call Superior at 1-866-912-6283 for more information.

What is an internal health plan emergency appeal?

An internal health plan emergency appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your health or life.

External Appeals

After a Medicaid member has completed the internal health plan appeal process related to an adverse benefit determination, more appeal rights are available to a member if they are not satisfied with the health plan's appeal decision. After the health plan's appeal decision is completed, members have additional external appeal rights, including a State Fair Hearing, with or without an External Medical Review. The details for both the State Fair Hearing and External Medical review appeal rights and process are included in the sections below.

External Medical Review

Can I ask for an External Medical Review?

If you, as a member of Superior, disagree with our internal appeal decision, you have the right to ask for an External Medical Review. An External Medical Review is an optional, extra step you can take to get the case reviewed before the State Fair Hearing occurs. You may name someone to represent you by contacting Superior and telling us the name of the person you want to represent you. A provider may be your representative. You or your representative must ask for the External Medical Review within 120 days of the date Superior mails the letter with the internal appeal decision. If you do not ask for the External Medical Review within 120 days, you may lose your right to an External Medical Review. To ask for an External Medical Review, you or your representative may either:

- Fill out the 'State Fair Hearing and External Medical Review Request Form' provided as an attachment to the Member Notice of Superior's Internal Appeal Decision letter and mail or fax it to Superior by using the address or fax number at the top of the form; or
- Call Superior at 1-877-398-9461.

If you ask for an External Medical Review within 10 days from the time you get the appeal decision from Superior, you have the right to keep getting any service including an In-Lieu-Of Service and Setting, Superior denied, based on previously authorized services, at least until the final State Fair Hearing decision is made. If you do not request an External Medical Review within 10 days from the time you get the appeal decision from Superior, the service Superior denied will be stopped.

An Independent Review Organization is a third-party organization contracted by HHS that conducts an External Medical Review related to Adverse Benefit Determinations based on functional necessity or medical necessity. You may withdraw your request for an External Medical Review before it is assigned to an Independent Review Organization or while the Independent Review Organization is reviewing your External Medical Review request. An External Medical Review cannot be withdrawn if an Independent Review Organization has already completed the review and made a decision.

Once the External Medical Review decision is received, you have the right to withdraw the State Fair Hearing request. You may withdraw the State Fair Hearing request orally or in writing by contacting the hearings officer listed on Form 4803, Notice of Hearing.

If you continue with a State Fair Hearing and the State Fair Hearing decision is different from the Independent Review Organization decision, it is the State Fair Hearing decision that is final. The State Fair Hearing decision can only uphold or increase your benefits from the Independent Review Organization decision.

Adverse Benefit Determinations, Internal Health Plan Appeals and External Appeals

Can I ask for an emergency External Medical Review?

If you believe that waiting for a standard External Medical Review will seriously jeopardize your life or health, or your ability to attain, maintain, or regain maximum function, you, your parent or your Medical Consenter may ask for an emergency External Medical Review and emergency State Fair Hearing by writing or calling Superior HealthPlan. To qualify for an emergency External Medical Review and emergency State Fair Hearing review through HHSC, you must first complete Superior's internal appeals process.

State Fair Hearings

How can I ask for a State Fair Hearing?

You must complete the internal health plan appeal process through Superior HealthPlan prior to requesting a State Fair Hearing. **If you disagree with Superior's appeal decision, you have the right to ask for a State Fair Hearing from Texas Health and Human Services Commission (HHSC) with or without an External Medical Review through an Independent Review Organization (IRO).** You can ask for an External Medical Review and a State Fair Hearing, but you cannot request only an External Medical Review. You may also request a State Fair Hearing with or without an External Medical Review if Superior does not make a decision on your appeal within the required time frame. You may represent yourself at the State Fair Hearing, or name someone else to be your representative. This could be a provider, your Medical Consenter, lawyer, or any other Legally Authorized Representative. You may name someone to represent you by writing a letter to Superior telling us the name of the person that you want to represent you.

You or your representative must ask for a State Fair Hearing within 120 days of the date of the notice telling you that we are denying your internal health plan appeal.

You have the right to keep getting any service, including an In-Lieu-Of Service and Settings, the health plan denied or reduced, based on previously authorized services, at least until the final State Fair Hearing decision is made if you ask for a State Fair Hearing by the later of: (1) 10 calendar days following the date the health plan mailed the internal appeal decision letter, or (2) the day the health plan's internal appeal decision letter says your service will be reduced or end. If you do not request a State Fair Hearing by this date, the service the health plan denied will be stopped.

If Superior continues or reinstates benefits at your request and the request for continued services is not approved by the State Fair Hearing officer, Superior will not pursue recovery of payment for those services without written permission from HHSC.

To ask for a State Fair Hearing, you or your representative should call or write Superior:

Superior HealthPlan
ATTN: State Fair Hearing Coordinator
5900 E. Ben White Blvd., Building D
Austin, TX 78741
1-877-398-9461

You can ask for a State Fair Hearing without an External Medical Review. See External Medical Review process above.

What happens after I request a State Fair Hearing?

If you ask for a State Fair Hearing, you will get a packet of information letting you know the date, time and location of the hearing. Most State Fair Hearings are held by telephone. You can also contact the HHSC State Fair Hearing officer if you would like the hearing to be held in-person.

Adverse Benefit Determinations, Internal Health Plan Appeals and External Appeals

During the hearing, you or your representative can tell why you need the service or why you disagree with the Superior's Adverse Benefit Determination. You have the right to examine, at a reasonable time before the date of the State Fair Hearing, the contents of your case file and any documents to be used by Superior at the hearing. Before the State Fair Hearing, Superior will send you all of the documents to be used at the State Fair Hearing. It is important that you or your representative attend the State Fair Hearing in person or by phone.

HHSC will give you a final decision within 90 days from the date you asked for the hearing.

Can I ask for an emergency State Fair Hearing?

To qualify for an emergency State Fair Hearing through HHSC, you must first complete Superior's internal appeals process. If you believe that waiting for a State Fair Hearing will seriously jeopardize your life or health, or your ability to attain, maintain, or regain maximum function, you or your representative may ask for an emergency State Fair Hearing by writing or calling us at 1-877-398-9461. The State Fair Hearing Officer will provide a response on your emergency State Fair Hearing request within three (3) business days.

Electronic Visit Verification

Electronic Visit Verification (EVV) Responsibilities and Additional Information (Managed Care Organization)

Form 1718
April 2023

Electronic Visit Verification (EVV) is a computer-based system that electronically documents and verifies service delivery for certain Medicaid service visits.

The Texas Health and Human Services Commission (HHSC) requires a service provider or a Consumer Directed Services (CDS) employee who provides one of these services to use EVV to clock in when the service begins and to clock out when the service ends.

A service provider or CDS employee uses one of the following three methods to clock in and clock out:

- The service provider's or CDS employee's personal smartphone or tablet.
- Your home phone landline only if you approve.
- An EVV alternative device, which is a small electronic device placed and kept in your home in an agreed upon location.

The service provider is not permitted to use your personal smart phone or tablet.

The CDS employee may use the CDS employer's smart phone or tablet, if the CDS employer has authorized the CDS employee to use their smart phone or tablet.

Section I – Your Responsibilities

You have the following responsibilities regarding the use of EVV:

- You must allow your service provider or CDS employee to clock in and clock out of the EVV system using one of the methods listed above.
- Do not clock in or clock out of the EVV system for your service provider or CDS employee at any time.
 - Immediately tell your provider agency or CDS employer if your service provider or CDS employee asks you to clock in or clock out of the EVV system for the service provider or employee.
- If your service provider or CDS employee is using an EVV alternative device to clock in and clock out:
 - Immediately tell your provider agency or CDS employer if the EVV alternative device is damaged or removed from your home, or if someone has tampered with the device; and
 - Return the alternative device to your provider agency or CDS employer when you are no longer receiving Medicaid services that require EVV.

Your failure to perform these responsibilities may result in a referral of Medicaid fraud to the HHSC Office of Inspector General.

Reference section 7000 Clock In and Clock Out Methods from the [EVV Policy Handbook](#) for more information.

Section II – Additional Information

- Your personal information in the EVV system is private and confidential and may only be disclosed as allowed by federal and state laws, rules and regulations.
- Your service provider or CDS employee may use your home phone to clock in and clock out of the EVV system only if you approve.
- You can ask for an interdisciplinary meeting or service plan team meeting with your managed care organization's (MCO) service coordinator about concerns using EVV.

Section III – Frequently Asked Questions (FAQ)

Do I have to participate in EVV?

Yes, if you get services that require EVV. You must allow your service provider or CDS employee to clock in when they begin and clock out when they end services using one of the acceptable methods. EVV is required for certain home and community-based services, such as Personal Service Provider Services, Protective Supervision, Personal Care Services, In-home Respite, Flexible Family Support and Community First Choice.

How do service provider and CDS employees clock in and clock out?

Service providers and CDS employees must use one of the following acceptable methods to clock in and clock out of the EVV system:

- EVV mobile method
- Your home phone (but only with your permission)
- EVV alternative device

You aren't allowed to clock in or clock out of the EVV system for the service provider or CDS employee for any reason. If you clock in or clock out for your service provider or CDS employee, a Medicaid fraud referral may be made to the Office of Inspector General, which may end up affecting your ability to get services.

What if I don't have a home landline or I don't want my service provider or CDS employee to use my home landline?

If you don't have a home landline, or don't want your service provider or CDS employee to use your home landline, tell this to your service provider or CDS employee as soon as possible.

The following are two options available other than your home landline that your service provider or CDS employee may use to clock in and clock out.

Option 1

Your service provider or CDS employee may use their mobile device to clock in and clock out of the EVV system.

Option 2

Your program provider, financial management services agency (FMSA), or CDS employer may order an EVV alternative device for your service provider or CDS employee. The device must:

- Be placed or affixed in your home by your program provider or CDS employer.
- Be in an area where your service provider or CDS employee can reach it.
- Always remain in your home.

Can I receive services in the community with EVV?

Yes. EVV doesn't change the location for where you get services. You can get services in accordance with your service plan and the existing program rules, at home and in the community.

Who do I contact with questions or concerns?

Please contact your provider agency representative or MCO service coordinator if you have any questions or concerns.

Visit the [HHSC EVV website](#) for more information.

Fraud, Waste and Abuse

Do you want to report fraud, waste or abuse?

Let us know if you think a doctor, dentist, pharmacist at a drug store, other health care providers, or a person getting benefits is doing something wrong. Doing something wrong could be fraud, waste or abuse, which is against the law.

For example, tell us if you think someone is:

- Getting paid for services that weren't given or necessary.
- Not telling the truth about a medical condition to get medical treatment.
- Letting someone else use their Medicaid ID.
- Using someone else's Medicaid ID.
- Not telling the truth about the amount of money or resources he or she has to get benefits.

To report fraud, waste or abuse choose one of the following:

- Call the Texas Health and Human Services Office of Inspector General (OIG) Hotline at 1-800-436-6184 or
- Visit <https://oig.hhs.gov/fraud> and click the "Report Fraud" button to complete the online form.
- You can report directly to your health plan:

- Medicaid number of the provider and facility if you have it;
- Type of provider (doctor, physical therapist, pharmacist, etc.);

Elective Medical Consenter Self-Pay Out-of-Network Option

Elective Medical Consenter Self-Pay Out-of-Network Option (Members in DFPS Conservatorship Only)

A medical consenter other than the Texas Department of Family and Protective Services (DFPS) for a child enrolled in STAR Health can seek medical care other than pharmacy services from a provider not enrolled in the Superior HealthPlan network on behalf of the child and be financially responsible for that care. A medical consenter who chooses this option for a child must follow all DFPS requirements and notify the child's caseworker by the 10th business day after the child receives medical care.

See the Benefits and Covered Services section for information on covered services for your child. If you need help with finding or accessing a provider for covered services your child needs, contact a Superior Service Coordinator at 1-866-912-6283.

For questions on the option to seek and self-pay for services from an out-of-network provider, the medical consenter should contact the child's caseworker.
