

Nursing Facility Quality Incentive Program

Earn rewards for the quality of care provided to patients.

Superior HealthPlan is launching a new Nursing Facility Quality Incentive Program for providers in 2018. Nursing Facilities will now have the opportunity to earn monetary rewards, based on performance for specific quality measures.

To be eligible for incentives, Nursing Facilities must first be contracted with Superior, meet minimum membership criteria and exceed the state average for the four Quality Incentive Payment Program (QIPP) measures, as designated by the Texas Health and Human Services Commission (HHSC):

- Percentage of high risk long-stay residents with pressure ulcers.
- Percentage of long-stay residents experiencing one or more falls with major injury.
- Percentage of long-stay residents who received an antipsychotic medication.
- Percentage of long-stay residents who were physically restrained.

Please note: Effective September 1, 2018, no minimum membership criteria will apply for performance during the time frame of September 1, 2018 - December 31, 2018. Superior will announce a revised incentive beginning on January 1, 2019.

Once eligible for the incentive program, performance on the following measures allows facilities the opportunity to earn two possible payments, for a potential bonus of \$10 Per Resident, Per Month (PRPM) for each measure:

Quality Measures	Payment Reward
Percentage of long-stay residents whose need for help with daily activities has increased.	✓ \$5.00 PRPM - Meet or exceed the Texas average score and/or ✓ \$5.00 PRPM - Improve 10% from actual score towards State average or possible perfect score.
Percentage of short-stay residents who recently received an antipsychotic medication.	✓ \$5.00 PRPM - Meet or exceed the Texas average score and/or ✓ \$5.00 PRPM - Improve 10% from actual score towards State average or possible perfect score.
Percentage of long-stay residents whose ability to move independently worsened.	✓ \$5.00 PRPM - Meet or exceed the Texas average score and/or ✓ \$5.00 PRPM - Improve 10% from actual score towards State average or possible perfect score.
Percentage of long-stay residents who received an antianxiety or hypnotic medication.	✓ \$5.00 PRPM - Meet or exceed the Texas average score and/or ✓ \$5.00 PRPM - Improve 10% from actual score towards State average or possible perfect score.
Percentage of short-stay residents who made improvements in function.	✓ \$5.00 PRPM - Meet or exceed the Texas average score and/or ✓ \$5.00 PRPM - Improve 10% from actual score towards State average or possible perfect score.
Total Additional Payment Opportunity	Up to \$50.00 PRPM
