

Disease Management (DM) Programs

Allwell from Superior HealthPlan, CHIP, Medicaid and STAR+PLUS Medicare-Medicaid Plan (MMP)

Disease management is defined as a system of coordinated health-care interventions and communications for populations with conditions in which patient self-care efforts are significant. Superior HealthPlan provides disease management for chronic medical and behavioral health conditions to help Allwell from Superior HealthPlan, CHIP, Medicaid (STAR, STAR Health, STAR Kids and STAR+PLUS) and STAR+PLUS Medicare-Medicaid Plan (MMP) members improve their health and well-being. Superior's health coaches coordinate with both the member and their providers to focus on disease-specific conditions (as listed in the table below).

Population Health Clinical Operations (PHCO) – Centene Shared Services	Allwell from Superior HealthPlan	CHIP	STAR	STAR Health	STAR Kids	STAR+PLUS	STAR+PLUS Medicare Medicaid Plan (MMP)
