Clinical Policy: Axitinib (Inlyta)
Reference Number: CP.PHAR.100
Effective Date: 05.01.12
Last Review Date: 02.20
Line of Business: Commercial, HIM, Medicaid

See Important Reminder at the end of this policy for important regulatory and legal information.

Description
Axitinib (Inlyta®) is a kinase inhibitor.

FDA Approved Indication(s)
Inlyta is indicated for treatment of advanced renal cell carcinoma (RCC) after failure of one prior systemic therapy.

Policy/Criteria
Provider must submit documentation (including such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of health plans affiliated with Centene Corporation® that Inlyta is medically necessary when the following criteria are met:

I. Initial Approval Criteria
A. Renal Cell Carcinoma (must meet all):
   1. Diagnosis of RCC;
   2. Prescribed by or in consultation with an oncologist;
   3. Age ≥ 18 years;
   4. If clear cell histology, one of the following (a or b):
      a. Inlyta is prescribed concurrently with Keytruda® or Bavencio®;*
      b. Inlyta is prescribed as monotherapy after failure of one prior therapy* (Appendix B) unless contraindicated or clinically significant adverse effects are experienced;
   *Prior authorization may be required
   5. Request meets one of the following (a or b):*
      a. Dose does not exceed 20 mg (4 tablets) per day;
      b. Dose is supported by practice guidelines or peer-reviewed literature for the relevant off-label use (prescriber must submit supporting evidence);
   *Prescribed regimen must be FDA-approved or recommended by NCCN

Approval duration:
Medicaid/HIM - 6 months
Commercial – Length of Benefit

B. Thyroid Carcinoma (off-label) (must meet all):
   1. Diagnosis of differentiated thyroid carcinoma (DTC; i.e., follicular, Hurthle cell or papillary thyroid carcinoma);
   2. Prescribed by or in consultation with an oncologist;
   3. Age ≥ 18 years;
4. Disease is unresectable, locally recurrent, advanced, or metastatic;
5. Failure of Lenvima® or Nexavar® unless contraindicated or clinically adverse effects are experienced;
   *Prior authorization may be required
6. Dose is within FDA maximum limit for any FDA-approved indication or is supported by practice guidelines or peer-reviewed literature for the relevant off-label use (prescriber must submit supporting evidence).*
   *Prescribed regimen must be FDA-approved or recommended by NCCN

**Approval duration:**
- Medicaid/HIM - 6 months
- Commercial – Length of Benefit

**C. Other diagnoses/indications**

1. Refer to the off-label use policy for the relevant line of business if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized): CP.CPA.09 for commercial, HIM.PHAR.21 for health insurance marketplace, and CP.PMN.53 for Medicaid.

**II. Continued Therapy**

**A. All Indications in Section I (must meet all):**

1. Currently receiving medication via Centene benefit, or documentation supports that member is currently receiving Inlyta for a covered indication and has received this medication for at least 30 days;
2. Member is responding positively to therapy;
3. If request is for a dose increase, request meets one of the following (a or b):*
   a. New dose does not exceed 20 mg (4 tablets) per day;
   b. New dose is supported by practice guidelines or peer-reviewed literature for the relevant off-label use (prescriber must submit supporting evidence).
   *Prescribed regimen must be FDA-approved or recommended by NCCN

**Approval duration:**
- Medicaid/HIM - 12 months
- Commercial – Length of Benefit

**B. Other diagnoses/indications (must meet 1 or 2):**

1. Currently receiving medication via Centene benefit and documentation supports positive response to therapy.
   **Approval duration: Duration of request or 6 months (whichever is less);** or
2. Refer to the off-label use policy for the relevant line of business if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized): CP.CPA.09 for commercial, HIM.PHAR.21 for health insurance marketplace, and CP.PMN.53 for Medicaid.

**III. Diagnoses/Indications for which coverage is NOT authorized:**

A. Non-FDA approved indications, which are not addressed in this policy, unless there is sufficient documentation of efficacy and safety according to the off label use policies –
IV. Appendices/General Information

Appendix A: Abbreviation/Acronym Key
- DTC: differentiated thyroid carcinoma
- FDA: Food and Drug Association
- RCC: renal cell carcinoma

Appendix B: Therapeutic Alternatives
This table provides a listing of preferred alternative therapy recommended in the approval criteria. The drugs listed here may not be a formulary agent and may require prior authorization.

</table>
| - Renal cell carcinoma: definition of “advanced” removed given the additional requirement of a prior systemic therapy.  
- References reviewed updated. |        |                  |
| 1Q 2019 annual review; HIM line of business added; commercial approval duration changed from LOB or disease progression to LOB; thyroid carcinoma - DTC is added to diagnosis for clarity, metastatic/iodine refractory is removed and a drug trial is added per NCCN; references reviewed and updated. | 11.13.18 | 02.19 |
| 1Q 2020 annual review: for RCC with clear cell histology added additional approval pathway for concurrent use with Keytruda or Bavencio consistent with NCCN Compendium; references reviewed and updated. | 10.24.19 | 02.20 |

**Important Reminder**

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. “Health Plan” means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan’s affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.

This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.
This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note:
For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this clinical policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this clinical policy.
