Clinical Policy: Potassium Chloride for Oral Solution (Klor-Con Powder)
Reference Number: HIM.PA.143
Effective Date: 10.31.17
Last Review Date: 02.20
Line of Business: HIM

See Important Reminder at the end of this policy for important regulatory and legal information.

Description
Potassium chloride for oral solution (Klor-Con® Powder) is a potassium salt supplement.

FDA Approved Indication(s)
Klor-Con Powder is indicated for the treatment and prophylaxis of hypokalemia with or without metabolic alkalisosis, in patients for whom dietary management with potassium-rich foods or diuretic dose reduction is insufficient.

Policy/Criteria
Provider must submit documentation (such as office chart notes, lab results or other clinical information) supporting that member has met all approval criteria.

It is the policy of health plans affiliated with Centene Corporation® that Klor-Con Powder is medically necessary when the following criteria are met:

I. Initial Approval Criteria
   A. Hypokalemia (must meet all):
      1. Diagnosis of hypokalemia;
      2. Medical justification supports inability to use oral capsule or tablet formulation of potassium salts (e.g., contraindications to excipients);
      3. Dose does not exceed 200 mEq per day.
   Approval duration: 12 months

   B. Other diagnoses/indications
      1. Refer to the off-label use policy for the relevant line of business if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized): HIM.PHAR.21 for health insurance marketplace.

II. Continued Therapy
   A. Hypokalemia (must meet all):
      1. Currently receiving medication via Centene benefit or member has previously met initial approval criteria;
      2. Member is responding positively to therapy;
      3. If request is for a dose increase, new dose does not exceed 200 mEq per day.
   Approval duration: 12 months
B. Other diagnoses/indications (must meet 1 or 2):
1. Currently receiving medication via Centene benefit and documentation supports positive response to therapy.
   Approval duration: Duration of request or 12 months (whichever is less); or
2. Refer to the off-label use policy for the relevant line of business if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized): HIM.PHAR.21 for health insurance marketplace.

III. Diagnoses/Indications for which coverage is NOT authorized:
   A. Non-FDA approved indications, which are not addressed in this policy, unless there is sufficient documentation of efficacy and safety according to the off label use policies – HIM.PHAR.21 for health insurance marketplace or evidence of coverage documents.

IV. Appendices/General Information
   Appendix A: Abbreviation/Acronym Key
   ER: extended release
   FDA: Food and Drug Administration

   Appendix B: Therapeutic Alternatives
   This table provides a listing of preferred alternative therapy recommended in the approval criteria. The drugs listed here may not be a formulary agent for all relevant lines of business and may require prior authorization.

</thead>
</table>
| potassium chloride ER capsule (8/10 mEq) | **Capsule may be taken apart and sprinkled on food.** Treatment of hypokalemia:  
   - Adults: Typical doses range from 40 to 100 mEq/day in 2 to 5 divided doses; limit doses to 40 mEq per dose  
   - Pediatric patients: 2 to 4 mEq/kg/day in divided doses not to exceed 1 mEq/kg as a single dose or 20 mEq, whichever is lower; if deficits are severe or ongoing losses are great, consider intravenous therapy  
   Maintenance or prophylaxis of hypokalemia:  
   - Adults: Typical dose is 20 mEq per day  
   - Pediatric patients: Typical dose is 1 mEq/kg/day | Adults: 40 mEq/dose  
   Pediatrics: 1 mEq/kg/dose or 20 mEq/dose whichever is lower |
| potassium chloride ER tablet (8/10/20 mEq) (Klor-Con® ER - 8/10 mEq; K-Tab® ER - 8/10/20 mEq) | Treatment of hypokalemia:  
   - Adults: Typical dose range is 40-100 mEq per day  
   Maintenance or prophylaxis of hypokalemia:  
   - Adults: Typical dose range is 20 mEq per day | Adults: 40 mEq/dose |

| 1Q 2019 annual review: indications edited to follow FDA package insert reorganization updates; maximum dosing is edited from 100 to 200 mEq/day; trial requirement removed and modified to only require medical justification why the other formulations are unsuitable, therapeutic alternative table is expanded to specify tablets versus micro-dispersible tablets and adds dosing for adults and pediatrics if for use in children; examples of positive responses are deleted given potassium’s use as a maintenance drug; references reviewed and updated. | 12.11.18 | 02.19 |

| 1Q 2020 annual review: no significant changes; references reviewed and updated. | 11.05.19 | 02.20 |

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. “Health Plan” means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan’s affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.
This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note:
For Health Insurance Marketplace members, when applicable, this policy applies only when the prescribed agent is on your health plan approved formulary. Request for non-formulary drugs must be reviewed using the non-formulary policy; HIM.PA.103.
