See Important Reminder at the end of this policy for important regulatory and legal information.

Policy Overview
This policy describes billing requirements for transgender services when a gender-specific Current Procedural Terminology (CPT®) code is billed or when transgender services are billed on an institutional (inpatient or outpatient) facility claim.

The purpose of this policy is to define payment criteria for gender-specific procedure codes when billed for members whose recorded gender differs from the gender-specific procedure code billed.

Application
1. Practitioner and Non-physician practitioner claims
2. Outpatient and Inpatient Institutional Claims

Policy Description
Section 1557 of the Office of Civil Rights’ “Non-Discrimination in Health Programs and Activities” prohibits covered entities that receive Federal financial assistance from “placing limitations on coverage, or denying a claim for coverage for any health service when the denial or limitation occurs because the individual’s sex assigned at birth, gender identity or gender otherwise recorded by the plan or insurer is different from the one to which such services are ordinarily or exclusively available.”

Furthermore, covered entities that receive Federal financial assistance are prohibited from automatically rejecting sex-specific procedures and services because of a mismatch between the service billed by the provider and the individual’s gender recorded in the insurer’s claims processing system.

To prevent inappropriate claim denials when the individual’s recorded gender does not match the gender-specific procedure or services billed, the health plan will require the use of a specific billing code modifier and condition code to bypass gender-specific claim edits.

Claims Reimbursement Guidelines
The Centers for Medicare and Medicaid Services (CMS) MLN Matters #MM6638, instructs providers to report condition code 45 (Ambiguous Gender Category) on inpatient or outpatient institutional services that can be subject to gender-specific editing. Physicians and non-physician practitioners should append the modifier –KX to the gender-specific procedure code documented on the procedure code detail line.
PAYMENT POLICY
BILLING REQUIREMENTS FOR TRANSGENDER SERVICES

The health plan’s code editing software application will evaluate claims data to determine if an institutional claim contains the condition code 45, or for practitioner and non-physician practitioner claims, that the modifier –KX is appended to a gender-specific procedure code. When these identifiers are found on the claim or at procedure code detail level, the code editing software will bypass gender edits.

Documentation Requirements

- Practitioners and non-physician practitioners should append modifier “-KX” to the gender-specific CPT code at the service line level.
- Institutional Providers should add the condition code “45” to the appropriate claim field to indicate a gender-specific service.

Important Reminder
For the purposes of this payment policy, “Health Plan” means a health plan that has adopted this payment policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any other of such health plan’s affiliates, as applicable.

The purpose of this payment policy is to provide a guide to payment, which is a component of the guidelines used to assist in making coverage and payment determinations and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage and payment determinations and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage,

certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal
requirements and applicable plan-level administrative policies and procedures.

This payment policy is effective as of the date determined by Health Plan. The date of posting
may not be the effective date of this payment policy. This payment policy may be subject to
applicable legal and regulatory requirements relating to provider notification. If there is a
discrepancy between the effective date of this payment policy and any applicable legal or
regulatory requirement, the requirements of law and regulation shall govern. Health Plan retains
the right to change, amend or withdraw this payment policy, and additional payment policies
may be developed and adopted as needed, at any time.

This payment policy does not constitute medical advice, medical treatment or medical care. It is
not intended to dictate to providers how to practice medicine. Providers are expected to exercise
professional medical judgment in providing the most appropriate care, and are solely responsible
for the medical advice and treatment of members. This payment policy is not intended to
recommend treatment for members. Members should consult with their treating physician in
connection with diagnosis and treatment decisions.

Providers referred to in this policy are independent contractors who exercise independent
judgment and over whom Health Plan has no control or right of control. Providers are not agents
or employees of Health Plan.

This payment policy is the property of Centene Corporation. Unauthorized copying, use, and
distribution of this payment policy or any information contained herein are strictly prohibited.
Providers, members and their representatives are bound to the terms and conditions expressed
herein through the terms of their contracts. Where no such contract exists, providers, members
and their representatives agree to be bound by such terms and conditions by providing services to
members and/or submitting claims for payment for such services.

Note: For Medicaid members, when state Medicaid coverage provisions conflict with the
coverage provisions in this payment policy, state Medicaid coverage provisions take precedence.
Please refer to the state Medicaid manual for any coverage provisions pertaining to this payment
policy.

Note: For Medicare members, to ensure consistency with the Medicare National Coverage
Determinations (NCD) and Local Coverage Determinations (LCD), all applicable NCDs and
LCDs should be reviewed prior to applying the criteria set forth in this payment policy. Refer to
